The President elect then presented himself before the clerk's desk, and was duly qualified as President by Mr. H. Huhn.

The President

Then delivered the following address :

GENTLEMEN:—In entering upon the duties of the office of President of Common Council, to which your votes have called me, I desire to thank you for the high honor conferred, and to request that you will co-operate with me in a prompt dispatch of our business as legislators for so vast a municipality as Philadelphia. Succeeding as I do one of so varied and extensive abilities as a parliamentarian and chairman, as we all know our late President, Joseph F. Marcer, Esq., to have been, I trust that your comparisons may be charitable, and that you will assist me in the responsible duties of my office.

I am sure you will pardon me, gentleman, as well as agree with me, in my expressions of regret at the retirement of Mr. Marcer from this chair, and from this hall. He has been here so many years, that the thought of his

retirement had never been entertained, and his resignation is a serious loss to the taxpayers of this city, for whether as a member on the floor, as Chairman of the Committee on Finance, or as President, his interests were the public interests, and his aim the public good. While we regret his departure from among us, many of us hope that he may be raised to higher public honors and duties, and I feel certain that even the gentlemen in the minority here would see with kindly feeling his advancement, should the coming political contest so will it.

With repeated thanks for your partiality toward me, and in the hope that the close of the year may see the many important objects of legislation, in connection with our Water Department, our Highways, the House of Correction, the Park, New Public Buildings, and the Fire Department, which demand our attention now, disposed of and settled in a manner satisfactory to our constituents, we will now proceed with the orders of the day.

Select Council informed Common Council that they had received a report from the Committee on Water Works, with a resolution annexed entitled "Resolution to lay water pipe on Sheaff street and other streets," which they had passed, and in which they asked concurrence.

Also,

That they had passed a resolution entitled "Resolution of request to his Honor, the Mayor," in which they asked concurrence.

Also,

That they had passed a resolution entitled "Resolution relative to Bridge street, Manayunk," in which they asked concurrence.

Also,

That they had passed a resolution entitled "Resolution to change the place of voting in the Fourth Division of the Fifth Ward," in which they asked concurrence.

Also,

The following message was received from the Mayor :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *Nov. 9th, 1869.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—I have requested the Presidents of your respective chambers to convene Councils in order that they may take some public action in reference to the decease of Charles Stewart, Rear-Admiral of the United States Navy, which took place on the seventh instant, and whose funeral will take place in this city to-morrow (Wednesday) afternoon.

For over seventy years past Admiral Stewart has been connected with the navy of the United States, and from the time of his entrance into that service to the time of his last duty therein, which was but a few years ago, his career was

one of uninterrupted usefulness and great brilliancy. His gallantry in the early naval history of our country, his intrepidity on trying occasions, the equanimity with which he bore the wounds received in action, and the crowning victory in our last war with Great Britain, where, with one vessel, the *Constitution*, he captured two British men-of-war, the *Cyane* and *Levant*, of heavier metal, are well known matters of history, the details of which have always been read with admiration, and which have earned for him the gratitude of the whole nation.

Nor was he less useful in times of peace—his skill and his knowledge of naval affairs originated many of the reforms which have so largely benefited the navy, while in the private relations of life and as a public spirited citizen he won the respect and esteem of all, and his character was without reproach.

A native born of this city and for the greater part of his home-life resident here, I have thought it but fitting that Councils should be convened with a view to such action and expressions of respect as are due to the memory of so distinguished a man.

Very respectfully,

DANIEL M. FOX,

Mayor of Philadelphia.

Mr. Dillon, (on leave,)

Presented the following protest :

PHILADELPHIA, *December 8th*, 1869.

The undersigned hereby respectfully protest against the action of the President in refusing to adjourn the chamber at the last meeting of Common Council at the hour fixed by the rules, namely, seven o'clock, P. M.; the said refusal being based upon the ground that a motion to suspend the rules in order to consider a certain bill from Select Council, (the chamber being then engaged under Rule III, upon Reports of Committees,) carried with it the suspension of all the rules, including Rule XXI, which requires the chamber to adjourn at seven o'clock, P. M., until the bill from Select Council was disposed of.

The effect of such a motion has generally been held as simply bringing a bill before the chamber by suspending the order of business provided for in Rule III, particularly as in the language of the motion itself, it is to *consider* and not to *dispose* of the bill that the rules are suspended. To hold otherwise is to leave the chamber without rules. Legislative bodies make rules for their own government, not only to facilitate business but to check and prevent hasty and improper legislation. These rules constitute weapons in the hands of the minority, in which, when properly wielded, they permit of delay and reflection in the consideration of bills. To entirely disarm members of these weapons is unknown in legitimate parliamentary practice.

The decision against which this protest is directed would, if carried out strictly, prevent the calling of the yeas and nays to ascertain the presence of a quorum of members, if, in the opinion of the chair, a bill could not be disposed of without resorting to that extreme. The right of appeal could be refused on the same grounds, although in the present case no appeal was attempted to be taken, because it was deemed that nothing should be done but to adjourn.

For these reasons the undersigned consider this action of

the President, and the decision upon which it is based, as in utter violation of parliamentary practice and of the rules of the chamber, tending to impair the validity of Ordinances passed in this way, as well as being in derogation of the rights of members of Councils.

JAMES F. DILLON,
ISAAC J. GRIFFITHS,
GEO. W. NICHOLS,
GEO. J. HETZELL,
WM. H. FAGEN,
CHARLES JUDGE,
ANTHONY CAMPBELL,
J. J. STUHL,
A. W. GRANT,
JAS. F. STOCKDALE.

Mr. H. Hulm

Moved that the President have leave to enter an answer to the protest on the Journal.

Which was agreed to.

(The reply of the President to the protest will be found on the Journal of Common Council, December 16, 1869.)

Council then resumed the second reading of the bill entitled "An Ordinance to authorize the sale of a lot of ground in the Twenty-seventh Ward," which had been made the special order for Thursday last, at five o'clock, and postponed at that time until the bill entitled "An Ordinance to levy and fix the rate of taxes for the year 1870, should be disposed of."

The question being on agreeing to the motion to strike out fifteen thousand, and insert eight thousand, and to strike out each of the two provisos.

Mr. Ray

Moved to indefinitely postpone the motion.

On agreeing to the motion,

The yeas and nays were required by Mr. Hanna, seconded by Mr. Ray, and were as follow :

YEAS—Messrs. Farcira, Griffiths, Judge, and Ray—4.

The President

Presented the following, to wit:

PHILADELPHIA, *December 16th*, 1869.

Reply to the Protest presented December 9th, 1869.

I object to the protest presented on 9th inst. by Messrs. Dillon, Griffiths, Nickels, Hetzell, Fagen, Judge, Campbell, Stuhl, Grant, and J. F. Stockdale, as irregularly and improperly made.

1st. Because five of the gentlemen protesting, Messrs. Griffiths, Judge, Stuhl, Campbell, and J. F. Stockdale, complain of actions had in their absence and of which they know nothing, except at second hand. While I admit that absentees can join in a protest, I contend that their statement must necessarily differ from that of protestants who were present when the matter complained of transpired.

2d. Because no right of protest exists in the present case, by reason of the neglect to appeal from the decision of the chair, for no protest can lie against a presiding officer's decision but must lie against the action of the body itself.

3d. Because, even should the right of protest exist in this instance, such right was waved by the participation in

the business of the chamber by the gentlemen protesting, after the decision of the chair was made.

The Journal shows that Mr. Hetzell moved to adjourn, made a motion for reconsideration, voted three times, and called the yeas and nays six times; that Mr. Nickels made a motion for a recess, voted one time, and called the yeas and nays one time; that Mr. Dillon seconded Mr. Hetzell's motion to reconsider, voted three time and called the yeas and nays five times; that Mr. Fagen voted twice, and Mr. Grant one time.

Had this protest been made against the decision of some one other than myself I should have ruled it out of order for the reasons hereinbefore stated, but it being against my own decision I preferred that it should go upon record, with the rejoinder you were kind enough to permit me to make.

To properly understand the matter under dispute, let us first see the motion upon which my decision was given, as found in the proceedings of the meeting of Common Council held December 2, 1869.

" Mr. Shoemaker

"Moved to suspend the rules in order to consider the bill from Select Council entitled 'An Ordinance to authorize the employment of additional counsel.'

" Which was agreed to."

This bill was read and considered in its various stages, amendments were offered and voted upon, &c., until the hour of seven, fixed as the hour of adjournment by Rule XXI of Common Council, arrived, (see pp. 307, 308 and 309,) when

" Mr. Hetzell

" Called the orders of the day."

I then decided "that Council having agreed to the motion to suspend the rules, in order to consider the bill before the chamber, all the rules were suspended until the bill was finally disposed of," and added, though this is not upon the record, "that the chamber could not adjourn except upon a motion to that effect." This latter is not material to the

present issue, though it is well it should be borne in mind, as the gentleman from the Sixteenth Ward, (Mr. Hetzell) immediately after the completion of a vote then pending, made a motion to adjourn, evidently adopting the suggestion made by me.

The rules of Common Council speak of the suspension of rules in Rule XIX as follows: "No Rule of Council shall be altered or dispensed with, but by consent of two-thirds of the members present."

Mr. Shoemaker's motion was adopted without opposition, and as he mentions no particular rule, but expressly says, "*rules*," we must look further for information.

Rule XX of Common Council says that "the Rules of the House of Representatives of Pennsylvania as set forth in Zeigler's Manual, shall govern Common Council in all cases in which they are applicable, and in which they are not inconsistent with the standing rules and orders of this Council and with the Joint Rules of the Select and Common Council," and as neither the Rules of Common Council nor the Joint Rules of Select and Common Council shed any light on the matter, we necessarily turn to Zeigler's Manual.

Zeigler, (on pp. 181 and 182, edition 1860,) after quoting Rule XLVII, House of Representatives, of which Rule XIX of Common Council is a literal copy, says: "This Rule has often been referred to in the observations made in other parts of this work, and it will be seen that no Rule can be dispensed with or altered, except by a vote of two-thirds of the members present. If, therefore, a member desires to bring a proposition before the House his first duty is to see that he does not seek to dispense with a Rule. If a Rule intervenes, to bring up his proposition will require a two-thirds vote.

"It is an established practice for the Assembly itself, on a motion and vote to that effect, to dispense with any one or all its Rules, on some particular occasion."—*Cushing*, 313.

"A motion to suspend the Rules may be made at any time when a motion is in order, and for any purpose."—*Journal of House, XXIXth Congress, 1st Session*, 364.

"It may be for the suspension of a particular Rule, or of the Rules generally."—*Congressional Globe*, XV, 343.

As *Cushing* is quoted by Zeigler let us see what *Cushing* says on this matter. Pages 312 and 313, (Boston ed. 1863,)

we find, *verbatim* as quoted by Zeigler, and on page 575 as follows: "The motion to suspend the Rules is usually preceded by a member requesting the general consent of the Assembly to the doing of a particular thing. If objection is made, then the member moves that the Rules be suspended for the specific purpose which he has in view. This motion may be made at any time, when a motion is in order, and for any purpose; it may be either for the suspension of a particular rule or of the rules generally; and if made in the latter form, and it prevails, it will operate to suspend all the unwritten as well as the written rules, (except the rule allowing of a suspension,) which govern the Assembly, and are opposed to the doing of the thing which the member desires to do."

Page 578 as follows: "When a given subject is allowed to be introduced under a suspension of the rules for the purpose, and it is introduced accordingly, such a suspension is an authority to do, in the accustomed methods of proceeding, whatever may properly relate to that subject. Thus, if authority is given under a suspension of the rules, to introduce a resolution on a particular subject, which is introduced and received accordingly, it may not only be introduced, but considered and finished."

I have said enough to show that my decision was perfectly regular in every respect, yet if the protestants are not satisfied they will perhaps become so by examining various decisions upon this point found in the *Congressional Globe*, XV, 343; XVIII, 1,029; VIII, 94 and 336; XII, 292; XVII, 439; XX, 188; XV, 231.

By this lengthy discussion I have perhaps given the protest an importance altogether fictitious, yet I feel justified in trespassing upon the time and patience of Common Council if I have overthrown the insinuation that the validity of the Ordinance passed was impaired by my action and decision, and if I have shown that the zeal for the public welfare which, of course, actuated the gentlemen in signing this paper, went beyond their knowledge of parliamentary law.

LOUIS WAGNER,

President of Common Council.

Mr. Oram

Offered the following, to wit: "Resolution to discharge the Committee on House of Correction from the further consideration of the subject." (*Appendix No. 290.*)

The resolution was again read.

Mr. Martin

Moved to lay the resolution on the table.

On agreeing to the motion,

JOHN BARDSLEY,	I. W. VANHOUTEN,
SAMUEL MILLER,	W. F. SMITH,
WILLIAM CALHOUN,	CHAS. A. SOUDER,
GEORGE W. MYERS,	A. L. HODGDON.

July 1st, 1869.

RESOLUTION

To authorize the paving of Cherry and other streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and is hereby authorized and directed to enter into a contract with a competent paver or pavers, who shall be selected by

a majority of the owners of property fronting on Cherry street from Twenty-third street to the river Schuylkill, Twenty-ninth street from Pennsylvania avenue to Girard avenue, Sellers street from Paul street to Johnson street, Church street from Penn street to Tacony street, Hope street from Berks street to Susquehanna avenue, Leibert street from Robinson street to Mechanic street, Main street from Washington street to the junction of Ridge road, for the paving thereof. The conditions of which contract shall be that the contractor or contractors shall collect the cost of said paving from the property owners fronting on said streets respectively, and shall also enter into an obligation with the City to keep the said streets in good order for three years after the paving is finished.

APPENDIX No. 15.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution, asking that a map of a part of the Twenty-first Ward, lying between Ridge avenue and the Wissahickon, may be prepared, find that the area covered by this resolution amounts to about 1,200 acres, the cost of which for lines and grades will be \$3,600, and will require some three years to complete. As the amount appropriated to the Department of Surveys for the purposes of new work is already provided for, for the present year, we append a resolution authorizing the work, but directing that no payments therefor shall be made during the year 1869, and ask its adoption.

Respectfully submitted,

JOHN BARDSLEY, *Ch'n*,
E. W. LEIGHTON,
ANTHONY CAMPBELL,

SAMUEL MILLER,
SAMUEL F. GWINNER,
NICHOLAS SHANE,

SAMUEL W. CATTELL.

June 30th, 1869.

RESOLUTION

Directing the fixing of lines and grades in a part of the Twenty-first Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized to prepare plans of the street lines, and grades over so much of the Twenty-first Ward as lies between Conrad's lane and Leverington avenue, and the Ridge road and Fairmount Park line, as extended along the Wissahickon creek: *Provided,* No payments therefor shall be made during the year 1869.

APPENDIX No. 16.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution, asking that Woodstock street be placed upon the City Plans, find that the same as described in resolution annexed is correct, and that the ground covered by it is duly dedicated to public use ; we therefore recommend the adoption of the resolution.

Respectfully submitted,

JOHN BARDSLEY, *Ch'n,*

RESOLUTION

To place upon the plan of the City a street called Woodstock street, in the Twentieth Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to place upon the plan of the City a street, to be called Woodstock street, situate between the north side of Columbia avenue and south side of Montgomery street, being at the distance of one hundred

and forty-one feet seven and one-half inches westward from the west side of Twentieth street, and containing in width, between lines parallel with Twentieth and Twenty-first streets, forty feet.

APPENDIX No. 17.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying bill, authorizing the extension of the Forty-third street sewer westward on Sansom street to Forty-fourth street, find that this extension is most important as giving means to protect the valley, and confine the flow of freshets to the sewer, which cannot otherwise be arranged. We, therefore, return the same, and ask its adoption.

Respectfully submitted,

JOHN BARDSLEY, *Ch'n*,

AN ORDINANCE

Supplementary to an Ordinance entitled “An Ordinance to authorize the construction of certain sewers,” approved 24th of April, 1868.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sewer on Forty-third street, as provided for in Ordinance approved April 24th, 1868, entitled “An Ordinance to authorize the construction of certain sewers,” shall extend from the south line of Baltimore avenue to the west line of Forty-fourth and York streets.

APPENDIX No. 18.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution,

relative to the construction of culverts across Lancaster avenue at Forty-eighth and Fifty-first streets, beg leave to submit a report thereon from the Chief Engineer and Surveyor, explanatory of the necessity, with approximate cost, and to ask that the resolution referred may receive the sanction of Councils.

Respectfully submitted,

June 30th, 1869.

RESOLUTION

To authorize the construction of certain culverts.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and is hereby authorized and directed to have culverts constructed across Lancaster avenue at or near Forty-eighth street, and Lancaster avenue at or near Fiftieth street, (as may be determined upon by the Chief Engineer and Surveyor,) and that the cost of constructing said culverts shall be paid for out of the item for constructing branch culverts for the year 1869.

APPENDIX No. 19.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution asking for a sewer on Vine street, beg leave to report a bill directing its construction as asked for by the citizens in that locality, and recommend its adoption.

Respectfully submitted,

JOHN BARDSLEY, <i>Ch'n</i> ,	SAMUEL MILLER,
E. W. LEIGHTON,	SAML. F. GWINNER,
ANTHONY CAMPBELL,	NICHOLAS SHANE,
SAMUEL W. CATTELL.	

June 30th, 1869.

AN ORDINANCE

To authorize the construction of a certain sewer.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewer on the lines of Vine and Crown streets. Said sewer beginning two hundred and seventy feet south of Vine street on Crown street; thence to Vine street; to be constructed of ten inch vitrified clay pipe; thence on Vine street to the sewer now built in Sixth street, to be constructed of brick and have an inside diameter of three feet. Said sewer to be built in accordance with specifications prepared by the Chief Engineer and Surveyor.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the above sewer, and he shall allot it to the lowest and best bidder. And it shall be a condition of said contract, that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer, in manner authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866; any excess over and above said assessment, to be charged to item (for branch culverts) of annual appropriation made to the Department of Highways, for the year 1869: *Provided*, Said excess shall not in any case be more than can be charged to said Item under Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, man-holes and legal deductions in the construction of branch sewers," approved April 3d, 1868.

 APPENDIX No. 20.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying bill against S. M. Hewlings, for sewer built in front of No. 517

Chestnut street, would say, that the sewer built on Chestnut street from No. 517, (the American House,) was authorized by this Committee upon a petition of property owners asking to build it at their own expense, among whom was the owner of the American House, (Thos. Craven per I. I. Ridgway.) Why a Highway Department bill should be presented, your Committee cannot tell, as it is a private matter entirely, for which the City has no liability. We therefore offer the following resolution.

JOHN BARDSLEY, <i>Ch'n</i> ,	SAMUEL MILLER,
E. W. LEIGHTON,	SAML. F. GWINNER,
ANTHONY CAMPBELL,	NICHOLAS SHANE,
SAMUEL W. CATTELL.	

RESOLUTION

To discharge the Committee on Surveys from the consideration of a certain bill.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys and Regulations be and is hereby discharged from the further consideration of the bill and communication submitted by S. M. Hewlings.

APPENDIX No. 21.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying bill, asking that the lines of Torr avenue may be changed, so as not to interfere so seriously with property, have examined the question, and would report that the line as now established and complained of is the extension of Torr avenue as laid down east of Lancaster avenue, and so long as that line stood it would not have been judicious to have changed the line as now requested; but owing to the general change of street lines in that locality, as required to suit the outer boundary of Fairmount Park, which will alter Torr avenue eastward of Lancaster avenue, there can be no reason for insisting upon the western location; particularly as the

change will save money to the City in the matter of damages. We therefore append a resolution, and ask its adoption.

Respectfully submitted,

JOHN BARDSLEY, <i>Ch'n</i> ,	SAMUEL MILLER,
E. W. LEIGHTON,	SAMUEL F. GWINNER,
NICHOLAS SHANE,	JOHN J. KERSEY,
SAML. W. CATTELL.	

June, 1869.

RESOLUTION

To change the lines of Torr avenue between Lancaster avenue and Fifty-second street.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to revise the lines of Torr avenue, between Lancaster avenue and Fifty-second street, so that the centre line thereof shall lie upon the centre line of Old Munroe avenue: *Provided*, The property owners on the north side thereof shall dedicate to public use so much of their ground as may be covered by said avenue newly located. This resolution to be of no effect until the deeds of dedication as herein provided shall be filed in the Department of Surveys.

APPENDIX No. 22.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—In pursuance of a resolution adopted by Select and Common Councils, entitled a "Resolution of instruction to the Chief Engineer of the Fire Department," I most respectfully present the following for your consideration: There is at the present time three Companies that have no horses, Vigilant Engine, without horses three months; Western Engine, three months; Reliance Engine, ten weeks.

Very respectfully, your obedient servant,

GEORGE DOWNEY,
Chief Engineer of the Fire Department.

July 1st, 1869.

APPENDIX No. 23.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying communication from property owners on Main street, Manayunk, asking that the sewer under contract may be extended from Penn to Robinson street, would report that the work was stopped at Penn street by the Chief Engineer and Surveyor under the authority of this Committee, but that the same was done under a misapprehension, supposing that there was the same reason for stopping the work *eastward* of Robinson street that there was *west* of Robinson, *as applied for by a petition*. An order has been issued to proceed at once with the work.

Respectfully submitted,

JOHN BARDSLEY, <i>Ch'n</i> ,	SAMUEL MILLER,
NICHOLAS SHANE,	SAML. W. CATTELL,
E. W. LEIGHTON,	SAML. F. GWINNER,
ANTHONY CAMPBELL.	

June 30th, 1869.

RESOLUTION

To discharge the Committee on Surveys from the consideration of a certain communication.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys be and is hereby discharged from the further consideration of the application of property owners relative to sewer in Manayunk.

APPENDIX No. 24.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution of instruction to the Chief Engineer and Surveyor, beg

leave to submit a communication from that officer in reply to the question presented, and offer the following resolution.

Respectfully submitted,

JOHN BARDSLEY, <i>Ch'n</i> ,	SAMUEL MILLER,
E. W. LEIGHTON,	SAML. F. GWINNER,
ANTHONY CAMPBELL,	NICHOLAS SHANE,
SAMUEL W. CATTELL.	

RESOLUTION

Of instruction to the Chief Engineer and the Board of Surveys relative to the opening of Seventeenth street, from Francis street to Ridge avenue.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Engineer of the Survey Department and the Board of Surveys be and they are hereby directed and instructed to report to Councils the cost of opening Seventeenth street, from Francis street to Ridge avenue, in the Fifteenth Ward.

PHILADELPHIA, *June 26th*, 1869.

JOHN BARDSLEY, ESQ.,

Chairman Committee on Surveys:

DEAR SIR:—In reply to your question as to the probable cost of opening Seventeenth street, from Francis street to Ridge avenue, I would say that as near as can be estimated from the assessed values, it would be about \$60,000, as per tracing annexed.

Very respectfully,

STRICKLAND KNEASS.

Chief Engineer and Surveyor.

RESOLUTION

To discharge the Committee on Surveys from the consideration of a certain subject.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys be discharged from the further consideration of the subject of the opening of Seventeenth street.

APPENDIX No. 25.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the application for the construction of a sewer on the line of Twelfth street, between Oxford street and Columbia avenue, find that as the cost to the City will not exceed \$150, while the property owners will pay nearly \$1,300, the work being important for their interests; report a bill providing for the building of the sewer, and ask its adoption.

Respectfully submitted,

JOHN BARDSLEY, <i>Ch'n</i> ,	SAMUEL MILLER,
E. W. LEIGHTON,	SAML. F. GWINNER,
ANTHONY CAMPBELL,	NICHOLAS SHANE,
SAMUEL W. CATTELL.	

June 30th, 1869.

AN ORDINANCE

To authorize the construction of a certain sewer.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewer: On the line of Twelfth street, from the sewer at Oxford street, to the south curb line of Columbia avenue. Said sewer to be built of brick, circular in form, with a diameter of two feet six inches, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SEC. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the above sewer, and he shall allot it to the lowest and best bidder. And it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer, in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866; any excess over and above said assessment to be charged to item (for branch culverts) of annual appropriation to the Department of Highways for the year 1869: *Provided*, Said excess shall not be more than can be

charged to said item under Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, man-holes, and legal deductions in the construction of branch sewers," approved April 3d, 1868.

APPENDIX No. 26.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—The Joint Committee of Highways and Finance, on the paving of Broad street with Nicholson pavement, respectfully reports: That your Committee would first remark that there is a palpable oversight in the petitions before them, in asking for the paving from Coates to Wharton street only, instead of Reed street. They are satisfied this was a simple mistake as to the name of the street. There could be neither reason nor propriety in excluding a square of well built and handsome brick dwelling houses, which extends to the terminus of the already paved portion of Broad street, and if the proposition is to be carried out, this exclusion would be plainly unjust. The Committee have, therefore, not hesitated to include this square in the calculation of the distance and cost of the paving.

This calculation, furnished from the office of the Survey Department, is as follows :

Whole distance from Coates to Reed st.,	12,623 ft.
Distance from Wharton to Reed street, 500 feet.	
Whole house frontage on the entire distance,	20,558 "
Whole am't of sq. y'ds of paving from Coates to Reed street, including inter- sections,	108,638
Square y'ds in intersections,	23,240
" " City frontage.	
" " Penn squares,	4,586
	<hr/> 27,826
Square y'ds of paving on private fr'tage,	80,812
Whole cost of paving, at \$4 per square yard, .	\$434,552
Whole cost of paving on private frontage, . .	323,248

The Joint Committee offer these further remarks :

The practical element in so extended an improvement as the one asked for, is the question of general advantage and profit. They assume it as certain that such an improvement in so grand a thoroughfare as Broad street, will largely enhance the value of the real estate throughout its length, and thus proportionably increase the amount of taxes derived from it to the City. Estimating the present assessed value of property on the line to be paid at \$10,000,000, which is probably a low estimate, and the enhancement at 20 per cent. by the paving, which is certainly not a high estimate, the increase of taxes on this \$2,000,000, at the present rates, 18-10 per cent., would be \$36,000 per annum, paying thus nearly 9 per cent. on the cost, being the entire interest on a loan for the amount at 6 per cent., with \$10,000 over, for a sinking fund. Public opinion in Philadelphia has unequivocally determined that Broad street shall be kept and fostered, to become, as its natural position and advantages enable it, to be the grandest street in any city on this continent, equal, at least, to any in the world. That its improvement by a wooden pavement throughout would largely contribute to this most desirable public result, your Committee do not hesitate to assert. And when, with the public pleasure and adornment of the City, utility and economy seem so plainly combined, they rest the subject confidently on the judgment and decision of Councils.

APPENDIX No. 27.

To the President and members of
Select and Common Councils of the City of Philadelphia :

GENTLEMEN :—Your Joint Special Committee to procure a portrait of the late President of the United States, Abraham Lincoln, beg leave respectfully to report that they commissioned E. D. Marchant to paint the picture, at a cost, including frame, of \$850, being \$150 less than the appropriation. It is now finished, and placed in Independence Hall, where members are requested to examine it. Many persons who were acquainted with Mr. Lincoln have seen the picture, and expressed themselves well satisfied with the fidelity of the likeness. Hoping it will give general satisfaction, your Committee offer the following resolution :

SAMUEL C. WILLITS, <i>Ch'n</i> ,	H. C. HARRISON,
I. W. VANHOUTEN,	S. G. KING,
A. M. FOX,	W. F. SMITH.

APPENDIX No. 36.

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *August 23d, 1869.*

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Circumstances of grave importance have made it my duty to call you together at this unusual season.

With a supply of water within our limits sufficient at all seasons for the wants of the largest city in the world, the experience of the past few weeks has shown the inadequacy, under certain conditions, of the means provided for its distribution.

Nearly three-fourths of our supply is from the works at Fairmount, which are operated entirely by water power.

During the greater portion of the year this power, wastefully applied as part of it has been—the old breast wheels

requiring, it is said, forty gallons to force one into the reservoirs, while the new turbines but twelve—is still ample for the purpose; but in periods of drought, when the consumption of water is usually greatest, the supply of water power of course being least, its capacity has not unfrequently been tested to its uttermost to supply the necessary demand, but this season it has fallen short.

The recent drought has been of unusual length, and the result has been that our Water Department, under the pressure of the public necessity, and to avoid the horrors of a water famine, assuming responsibility in a manner which I fully approve, has been compelled, first, to take water power to which it would seem to have no right, to the great injury, as is alleged, of the parties thus deprived of it; and finally, when that resource was exhausted, to solicit, receive, and, day after day, be wholly dependent upon further supplies of water power, voluntarily furnished by those very parties.

The particulars of these transactions will appear in the correspondence with the officers of the Schuylkill Navigation Company herewith submitted, to which I shall have occasion to refer hereafter—and the lessons the events teach us, it is to be hoped will not have been taught in vain.

Upon the first intimation of the coming scarcity, every effort was made by the efficient Chief Engineer of the Water Department to mitigate its effects as far as practicable.

All that could be done at that time was, to reduce consumption to the lowest limit, accordingly in order to assist that officer in his movements, instructions were given the police to visit every dwelling house in their respective districts, and urge upon the occupants the necessity of strict economy in the use of the Schuylkill water, and the lieutenants were also required, to personally call upon the proprietors of sugar refineries, dye-works, factories and other large establishments consuming much water, and represent to them the importance of checking all waste.

The police were also ordered to enforce the water ordinances against all persons violating the same. The citizens generally, in the meantime, being requested by public notice, through the newspapers, by the Chief Engineer, to be as sparing as possible in its use.

The efforts thus made, have been to a certain extent successful. But as we have heretofore relied in fancied security upon a never failing abundance of water, it is not surprising that legal safeguards against its waste have proved insufficient in the late emergency, while as regards the curtailment of the *use* of water, as distinguished from mere *waste*, in time of scarcity, we have no legal provision whatever. In such a time, therefore, the good citizen, who, at the request of the authorities, closes or reduces his manufactory in order to save water, in addition to the loss he thus sustains, may have to suffer the aggravation of seeing his neighbor or rival in the same business wholly disregard such request, and selfishly press on as before. If, therefore, we are to be left exposed—as I trust we shall not be—to the recurrence of such calamity, power should be lodged somewhere, to compel by law, that equalization of those burthens of a water famine which now press harder upon the good citizen than upon the bad.

It is not to be presumed, however, that if human skill and foresight can prevent it, we shall ever again be reduced to the condition from which we have hardly yet escaped. And this leads to a consideration of the means for effecting that object.

As to this, while submitting the subject in general to the wisdom of Councils, I beg leave to express my approval of the suggestion so universally made, that the proper measure of prevention, at least for many years to come, consists in the erection of adequate auxiliary steam-engines at Fairmount—to be used as suggested by the Chief Engineer, in his annual report of 1868, viz.: “*when the water is insufficient to run all the wheels, and so arranged, as to be able to raise the water from below the dam, in case of any accident to that important structure.*” Their cost will be but small in itself, and in comparison with the object in view, quite insignificant, and their running expenses will be limited to the average brief period in each year when their service is specially required.

This, therefore, should certainly be done, and at the earliest moment. Indeed, it is surprising that it was not done long ago, in view of the mere possibility of accident to Fairmount Dam.

But, while this provision may suffice for a time, it yet seems desirable, now that public attention is so strongly

directed to the subject of water supply, to extend our view further into the future.

The importance of an abundant never-failing supply of water to every city is great—but to Philadelphia, which is to so large an extent the seat of manufactures, it can scarcely be exaggerated. In non-manufacturing towns, the consequences of a short supply, for even a brief period, are serious enough; but in a manufacturing town, in addition to all considerations of health and domestic comfort, the mere mercantile aspects of the case assume most formidable proportions.

Philadelphia is emphatically a great manufacturing City. Water is as much the breath of her thousands of steam engines, as is the air of those of the tens of thousands of her skilled workmen who are dependent upon those engines for their daily bread; and there should be no more doubt or question of an ample and unfailing supply of the one, than the other. The means are in our power; and not to use them from a fear of the expense, would be one of those cases in which parsimony is the worst extravagance.

In fact, we still possess in the water power at Fairmount, properly improved and administered, the means of supplying water to as great an extent, and at as cheap, if not a cheaper rate, than those possessed by any other city; and it is in relation to this abundant supply for manufacturing purposes, that the reduction of its cost seems most important, and the value of our water power most apparent.

The last report of the Chief Engineer shows that while the cost of raising one million of gallons of water one foot high, at the Fairmount Works, is but one cent and eight-tenths, that of the same service at the Twenty-fourth Ward Works is seven cents and eighteen-hundredths; at the Schuylkill Works, nine cents and nine-tenths; at the Germantown Works, nineteen cents and four-tenths; and at the Delaware Works, twenty-four cents and eight-tenths.

The vast economy of such a water power as that at Fairmount (although still used by no means as effectively as it might be) is here strikingly exhibited, and it shows the great value of that power, and after correcting our single mistake of relying *exclusively* upon it in a period of drought, we should, by raising the dam as far as practicable, improve the water power to the greatest possible extent.

This whole subject of future water supply has recently been considered by a committee of the Commissioners of Fairmount Park, consisting of Messrs. Frederick Graff, chairman, John C. Cresson, Gen. Geo. G. Meade, Strickland Kneass, and William Sellers, to whose very able report, dated October 11th, 1867, I respectfully solicit your attention.

This committee, in addition to recommending the improvement of the water power at Fairmount and the erection of auxiliary engines there, urge also the construction of very large distributing reservoirs, as well as large compensating reservoirs, the latter upon some of the streams at the head-waters of the river.

The experience of the last fortnight has very forcibly shown the value of these suggestions; and, as the City increases, and the consumption of water becomes greater, their importance, in the economical aspect of the case, increase in proportion.

It cannot be too often reiterated that our City has a right—as well from her admirable situation between two great rivers, as from her other advantages as a manufacturing town—to abundance and superabundance of good water; and the report alluded to demonstrates that by the means above indicated that object can be surely and cheaply obtained.

In regard to the claims of parties interested in the navigation of the Schuylkill, mentioned in the letter of the Navigation Company, dated 11th inst., but few remarks are necessary. If the facts be as there stated, compensation for any loss sustained by our compulsory stoppage of loaded boats, seems to be due as a simple measure of justice, outside of the question of legal liability.

But, as to the action of the Navigation Company in voluntarily coming to our rescue in the hour of our utmost need, when, in the words of our Chief Engineer, "*three days supply of water may be vital to Philadelphia*," the occasion requires something more.

If I understand their course aright, they did not in this instance pause to consider the legal aspects of the case, but in the face of a distinct assurance from our agent, that he had no power legally to bind his principal, they at his earnest

entreaty at once closed their locks—drew down their dams—and trusted everything to our honor.

Upon that faith in us, they may sustain heavy losses of revenue, whilst we have received great benefit.

I therefore cannot doubt that Councils will, without delay, make such provision as will fully indemnify the Company for whatever losses they may have sustained in thus furnishing the needful supply to the City in her extremity.

In conclusion, I cannot refrain from referring to a fear very commonly expressed, that action upon this important subject may be delayed until the sense of the danger we have so far escaped has been weakened by time, and the hazards of further postponement become unduly increased. I cannot share in such an apprehension. The subject is too grave—it comes too near to every man's business and bosom—to be so treated, and I have the utmost confidence that the result of your deliberations upon it will be such as to place upon a firmer basis than ever, the wide spread reputation hitherto so justly enjoyed by the Water Works of Philadelphia.

Very respectfully,

DANIEL M. FOX,

Mayor of Philadelphia.

OFFICE OF THE SCHUYLKILL NAVIGATION CO.,

NO. 417 WALNUT ST.,

PHILADELPHIA, *August 11th, 1869.*

To the HON. DANIEL M. FOX,

Mayor of the City of Philadelphia.

SIR:—Pursuant to a resolution of the Managers of this Company at a special meeting this morning, I have the honor to address you in relation to a subject of great and pressing importance to the City of Philadelphia, and to this Company, arising out of their agreements respecting the use of the water in Fairmount Dam.

Enclosed is a copy of a communication which, by directions of the Managers, I sent to the Chief Engineer of the Water Department on the 7th inst.

Since then the evil therein complained of has been steadily increasing.

To day, in consequence of the refusal of the City to comply with its agreement not to draw the water below the level of the top of the dam, the navigation for loaded boats in Fairmount pool has been entirely suspended.

With the aid thus obtained by taking water belonging to the navigation, the City may, after incurring heavy liability to all injured by this illegal obstruction of the public highway, supply power to its machinery at the Fairmount Water Works for a short time longer; but should the drought continue, there is little doubt that the entire water of the river will soon prove inadequate for that purpose.

The result may be such a diminution of the supply of water to the City as will occasion great deprivation and suffering, and in the event of fire—great disaster.

Under these circumstances the Managers of this Company have directed me to address you, partly for the purpose of calling attention to the responsibilities which the City may incur by its illegal acts, but chiefly with a view to put you in possession of the main facts of the case, in the hope that now while the peril they disclose is imminent, you may be able in your official character to urge effectually the application of the proper remedy.

I accordingly beg leave to submit a brief statement of certain points which it was not deemed necessary to mention in the letter to the Chief Engineer—as he has long been familiar with them—but which it is the more necessary to refer to here, as there is in many quarters great misapprehensions concerning them.

The most important of these misapprehensions is a belief that this Company claims the right to limit now the extent of the City's use of the water of the Schuylkill for distribution from its reservoirs.

This Company has never made such a claim. *The City*, (old corporation,) under its grants from this Company, did claim such a right against the district of Spring Garden, but the Supreme Court decided against it, and established the law as it now stands; by which it is clear that the present City may draw from Fairmount pool all the water it needs for distribution from its reservoirs, at least as long as the quantity so drawn does not interfere with the use of the river as a highway. A period certainly very remote, and which possibly may never be reached at all.

But the use of the *water power* created by the dam at Fairmount, or by any other dam on the Schuylkill navigation, stands upon a different footing altogether.

The only right which the City has to *such* use of the water in Fairmount pool is derived by grant from this Company under the agreements of which printed copies are enclosed; and it is from such use of the water as *motive power* that the whole difficulty flows.

The supply of water in Fairmount pool would be sufficient in periods of greatest droughts, for the wants of both the navigation and the City, if the latter did not rely wholly upon that water for its *power* at the Fairmount Works. The quantity of water thus used is enormous.

The old breast wheels there consume nearly forty gallons as power, for every gallon which they force into the reservoirs; and the turbines lately introduced consume at least twelve. It is solely therefore as a measure of economy, and to save the cost of the power of an auxiliary steam-engine, to be used only in seasons of drought, or in the event of accident to the dam, that the City now takes the water, and stops the navigation, in the manner of which we complain.

The grant from the Company to the City, it will be seen was most carefully confined within the limits by which the Company itself was restricted by its charter—which charter guards the rights of the public in the river as a highway, by providing that every such grant be so framed “that it shall not at any time impede or interrupt the navigation.” Accordingly the grant to the City is only of “the water and water-power that shall *remain after drawing off from the dam there erected so much as may be necessary for the purposes of the navigation of the said river, canal and locks*: and it provides also that the City “shall only have such use of the said water as, with the use thereof for the purposes of the navigation aforesaid, will not reduce it below the surface or top of the said dam, or keep it so reduced.”

We are happy to acknowledge that the City authorities in charge of the Water Works have generally faithfully endeavored to carry out this agreement, and in compliance therewith have repeatedly shut off the water from their wheels when so requested by this Company. But, on the other hand, they have often—in what they naturally con-

sidered the discharge of their duty to the City—deliberately violated the agreement, and drawn down the pool far below the stipulated point. Fortunately, until recently, the obstructions to the navigation thus occasioned, have not at any one time been of very long duration, and the Company has therefore forborne to do more than remonstrate, and urge upon the officers at Fairmount the recommendation of such measures as would prevent their recurrence. By referring to the Report of the Chief Engineer of the Water Department, presented to Councils Jan. 28th, 1864, (of which a copy is enclosed,) it will be seen that these remonstrances had the desired effect, in so far as that affair was concerned, and some of his recommendations of a remedy have, from time to time, been adopted by Councils.

The increase of consumption of water by the City, however—amounting at the Fairmount Works, during the past five years, to over twenty-four per cent. for the four months of June, July, August and September—has apparently far exceeded the means of supply during periods of drought: and as this increase of consumption is certain to keep pace with the growth of the City, if no additional means of supply are furnished, the evil will soon become most formidable.

As already stated, it is now so great as to cause serious injury to this Company, and to all parties interested in the navigation of the river. It is an evil full of peril also to the City; and if her interests alone are considered, and without any references whatever to those of this Company—they would seem to call for immediate measures to provide against its occurrence in future years.

A cessation of the drought can alone relieve the difficulty involved in the stoppage, either of the wheels at Fairmount, or of the navigation, at the present time. But the future is in the power of the City. Her duty to herself requires action, and that duty will not be considered the less urgent, because it involves also the discharge of an undisputed legal obligation.

Referring to the Chief Engineer of the Water Department—to whose uniform desire to do everything in his power to lessen the evils complained of we wish to bear the strongest testimony—for a confirmation of the statements

here made, and expressing a willingness to give any further information on the subject which may be requested, I am

FREDERICK GRAFF, ESQ.,

Chief Engineer Water Department, City of Philadelphia.

DEAR SIR:—The obstructions to the navigation of this Company caused by the action of your Department in drawing the water off Fairmount pool below the level of the top of Fairmount dam, have of late been so serious as to make it necessary on our part to use every effort to prevent their recurrence. With this view we propose soon to urge upon the proper authorities to provide a suitable steam engine, to be used in supplying the reservoirs at Fairmount during the few weeks in the year when the water power is insufficient for that purpose.

We propose this course in the first instance, rather than a resort to legal proceedings, because we are aware that every effort on your part has been made to comply with the agreement between the City and this Company, under which alone the former derives its right to use the water of Fairmount pool as a motive power, and that the repeated violations of that agreement, by drawing off the water below the level of the top of the dam, are frankly admitted, and are explained without being attempted to be legally justified upon the ground that they were *necessary*, in order to supply the City with water. The object of this note is simply to place upon record the above facts, and to express the hope that you will, at the earliest moment, call the attention of the watering committee to them, and urge upon that committee the adoption of such measures as in your judgment are best adapted to the case.

Very respectfully, your ob't serv't,

DEPARTMENT FOR SUPPLYING THE CITY WITH WATER.
CHIEF ENGINEER'S OFFICE,
No. 104 SOUTH EIGHTH STREET.
PHILADELPHIA, August 14th, 1869.

CHAS. W. WHARTON, ESQ.,

Assistant President Schuylkill Navigation Company.

DEAR SIR:—As you are aware, the exigencies of this Department have, for some days past, compelled it to draw the water from Fairmount dam below the point stipulated in the agreement between the City and your Company.

Although this has furnished much relief, by enabling us not only to use the amount thus drawn, but also that which has been retained in the dam by the consequent stoppage of the passage of your loaded boats through the locks, yet at this time, owing to the continuance of the drought, and in part to an accident to one of the steam engines at the Schuylkill Works, the supply in our reservoirs is so low as greatly to imperil not only the comfort but the safety of the City.

Under these circumstances, I feel it my duty to make an earnest appeal to your Company, not only to close the locks at Fairmount *entirely*, but also to draw off their dams above Fairmount to the utmost extent possible, and to keep your works in that condition until the present crisis is over. The question of indemnity to your Company, for the loss it may thus sustain, must of necessity be left open, it being out of my power to make any arrangements upon the subject; but I am persuaded that you may rely with confidence on the authorities of the City to do full justice to the occasion.

An immediate reply will greatly oblige,

FRED. GRAFF,

Chief Engineer Water Department.

DEAR SIR:—In reply to yours of this date, just received, I have the honor to state, that placing full reliance upon the

City for indemnity against all losses and liabilities which this Company may incur in consequence of a compliance with your request, I have without awaiting the action of the Managers, assumed the responsibility of acceding to it.

I have accordingly given orders by telegraph that the locks at Fairmount be forthwith entirely closed, and the pools above drawn down to the greatest possible extent—the works to remain in this condition until the emergency to which you refer is over.

To JAMES F. SMITH, Reading.

The necessities of the City for water are so great that at the request of the Water Department we have consented to close the Fairmount Locks entirely, and also to draw down the dams above, to the greatest possible extent, until the emergency is over. Mr. Graff, or his representative, will be at this office, and I request you to confer with them by telegraph and give such orders as you may think best to carry out the object of the above arrangement and supply water to the wheels at Fairmount. Answer immediately,

Explain your meaning more fully. As the navigation is to be entirely suspended until the drought is over—what harm will it do to draw down dams, when such drawing will not injure boats?

However, if you are clear that no water can be spared, say so—Mr. Wharton has gone home.

If navigation is to be suspended over the whole line, then I can draw several dams without interfering with boats. Then if Mr. Graff will immediately put fifteen inch high strips on Fairmount dam to prevent the water going over, I can try the experiment of drawing down heavily. If there should be no rain, then this will give relief for two or three days; afterward the situation will be worse than now. Say what I shall do. Give me an answer, if you please, right off.

The water is now twelve or fifteen inches below top of Fairmount dam proper. Send on gradually all the water you can spare without injuring boats. The rate at which you send it, can we suppose be regulated to a certain extent by telegrams. Three days supply may be vital to Philadelphia.

APPENDIX No. 37.

To the President and Members of Select and
Common Councils of the City of Philadelphia :

GENTLEMEN:—The following statement of facts connected with the difficulties of the Water Department, during this period of unprecedented drought, and a few suggestions upon their future avoidance, are respectfully submitted for the information of your honorable bodies:

The first inconvenience felt was upon the seventh day of July, when we were called upon by the agents of the Schuylkill Navigation Company, and requested to discontinue the working of all our wheels for a few hours of the day, whenever the water was drawn down to a point "below the surface of the dam."

This stoppage usually allowed sufficient water to accumulate in the dam to permit the whole, or a part of the wheels, to run for the balance of the day.

The stoppage was made daily, when requested by the Company, in deference to the terms of existing agreements between the Corporation of the City of Philadelphia and the Schuylkill Navigation Company, the final agreement being dated June 14th, 1824, which gives "the Navigation Company the right to fasten up the gates, or openings used to draw off the water, and whenever the water is drawn off below the top surface of the dam, to keep the same fastened until the water shall again be raised as high as the top surface of the dam."

The Company, however, did not exercise this right in a peremptory manner, but politely requested it to be done, to which request we daily complied, until by the large fire at the Patterson stores, and other causes, the reservoirs were drawn down so much that I concluded it unsafe to suspend pumping, and on several days declined compliance with the request of the Company.

The supply of water in the river becoming rapidly so very limited as to cause alarm, and deeming it my duty to attempt to keep it up by every possible means, a letter was addressed to the Navigation Company, (a copy of which is appended,) desiring them to suspend the lockage of any boats through the outlet lock at Fairmount, and also to draw down all the available water from the dams on the line of their works. This request was promptly complied with by the Assistant President of the Company, and their works were closed at about 5 o'clock P. M. on Saturday, August 14th, 1869, and have so remained; at the same time they have, by drawing the sluices in several of their dams, kept the water in Fairmount pool high enough to permit the working of considerable part of our power for a part of each day.

I have no hesitation in saying that had the Company not acted in this manner, and chosen to keep their upper dams closed, the City would, before this, have been deprived of water.

The present drought has no precedent in the history of the Fairmount Works, either in duration or alarming results, the nearest approach to it being thirty-one years since.

There are no adequate means within my knowledge by which the present difficulty can be immediately remedied; the future means are obvious. Attention has been called to them in a report made by a sub-committee of the Park Commission, (of which I have the honor to be chairman,) and presented to that body Oct. 11th, 1867.

It is not considered necessary, at this time, to do more than indicate the modes suggested by that report, as proper and feasible for increasing and improving the supply of water from the Schuylkill.

First. "By the construction of a sewer from Manayunk to a point below Fairmount Dam."

Second. "By the improvement of the water power to its fullest extent," (by substituting new and more economical wheels for the dilapidated wheels and pumps then in use.)

Third. "By the erection of large auxiliary engines, to be used during the dry weather of summer, which might, to some extent, be so arranged as to be able to raise the water from below the Dam, in case any accident should occur to that important structure."

Fourth. "Additional engines, of large size as Spring Garden Works, capable of supplying the Delaware reservoirs, as well as their own."

Fifth. "By the construction of very large distributing reservoirs, or reservoir."

Sixth. "The building of large retaining compensating reservoirs upon some of the streams at the head-waters of the river."

Add to these the raising of Fairmount Dam, whereby the amount of water wasted upon the wheels will be very much less, to raise the same quantity as at present into the reservoir, and the works of the Navigation be largely improved and increased in value.

And the substitution of inclined planes, worked by steam power, in place of the present outlet lock, whereby the water now wasted from the Dam for lockage of canal boats may be saved, and the business of the Navigation Company not be interrupted.

By these means, in my opinion, the future improvement of the water power from the Schuylkill can be successfully accomplished.

The second, third, fourth, fifth, and sixth suggestions requiring attention first.

I do not think that the unfortunate position in which we are now placed need impair our confidence in the Schuylkill as a source of supply, if the means above indicated be taken advantage of.

The experience of former years shows that for ten to eleven months of the year, the ordinary volume of water in the river is ample to drive all the wheels that can be placed in the old mill house; during the balance of the year they may be assisted as required by steam power.

I may add, that some of the means proposed in the above report have been anticipated, and partly put into execution. One new turbine wheel has been erected and put in use, and another is in course of construction. A large Cornish engine has also been erected at the Spring Garden Works, and has had a preliminary trial; the boilers intended for it are not yet ready for use.

Believing that your honorable bodies will refer the whole subject to the Committee on Water, and this Department, for early investigation, I have confined myself to a simple statement, merely intended for the present information of Councils.

Very respectfully,

FRED'K GRAFF,

Chief Engineer Water Department.

DEPARTMENT FOR SUPPLYING THE CITY WITH WATER.

OFFICE OF THE CHIEF ENGINEER,

PHILADELPHIA, *August 14th, 1869.*

CHAS. W. WHARTON, ESQ..

Assistant President Schuylkill Navigation Company.

DEAR SIR:—As you are aware, the exigencies of this Department have, for some days past, compelled it to draw the water from Fairmount Dam, below the point stipulated in the agreement between the City and your Company.

Although this has furnished much relief, by enabling us not only to use the amount thus drawn, but also that which has been retained in the dam by the consequent stoppage of the passage of your loaded boats through the locks, yet,

at this time, owing to the continuance of the drought, and in part to an accident to one of our steam engines at the Schuylkill Works, the supply in our reservoirs is so low as greatly to imperil not only the comfort but the safety of the City.

Under these circumstances I feel it my duty to make an earnest appeal to your Company, not only to close the locks at Fairmount *entirely*, but also to draw off their dams above Fairmount to the utmost extent possible, and to keep your works in that condition until the present crisis is over.

The question of indemnity to your Company, for the loss it may thus sustain, must of necessity be left open, it being out of my power to make any arrangement upon the subject; but I am persuaded that you may rely with confidence on the authorities of the City to do full justice to the occasion. An immediate reply will greatly oblige,

Your ob't servant,

FRED'K GRAFF,

Chief Engineer, &c.

—

OFFICE OF THE SCHUYLKILL NAVIGATION Co.,

No. 417 WALNUT STREET,

PHILADELPHIA, *August 14th, 1869.*

FRED'K GRAFF, ESQ.,

Chief Engineer Water Department, Philadelphia.

DEAR SIR:—In reply to yours of this date just received, I have the honor to state, that placing full reliance upon the City for indemnity against all losses and liabilities which this Company may incur in consequence of a compliance with your request, I have, without awaiting the action of the Managers, assumed the responsibility of acceding to it. I have, accordingly, given orders by telegraph, that the locks at Fairmount be forthwith *entirely* closed, and the pools above drawn down to the greatest possible extent; the works to remain in this condition until the emergency to which you refer is over.

Very respectfully and truly yours,

CHAS. W. WHARTON,

Assistant President.

APPENDIX No. 38.

RESOLUTION

Of request to the Mayor and Chief Engineer of Water Works.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Mayor be and is hereby requested, in connection with the Chief Engineer of Water Works, to enquire into the feasibility of applying steam power as auxiliary in driving the turbine wheels at Fairmount during the scarcity of water. Also, whether the steam fire-engines of the City could not be used to advantage in throwing a partial supply of water from the river into the basins.

APPENDIX No. 39.

RESOLUTION

Relative to the introduction of additional water for public use.

Resolved by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five from each Chamber be appointed for the purpose of taking into consideration the feasibility and probable cost of introducing the waters of the Lehigh, or of any other suitable stream, for supplying the City with additional water for public consumption.

Resolved, That the sum of one thousand dollars, or so much thereof as may be necessary, be and is hereby appropriated to defray the expenses attendant upon such preliminary surveys and examinations as may be found requisite by said committee.

A P P E N D I X N o . 6 5 .

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Joint Special Committee appointed in pursuance of a resolution adopted June 24th last, "to co-operate with the Washington Monument Association in the ceremonies of the presentation and inauguration of the statue of Washington," respectfully report, that they made, in concert with the officers of said Association, such arrangements for the presentation and reception of the statue on the part of the City, as they considered necessary and appro-

priate. The ceremony took place on the morning of July 5th. The exercises consisted of religious services by Rev. Albert Barnes, D.D., and Matthew Simpson, D.D. Addresses, by the Chairman of your Committee; George F. Gordon, Esq., President of the Monument Association; Hon. Henry D. Moore; and Hon. Daniel M. Fox, Mayor of the City. Many of the teachers, directors, and controllers of our public schools were present. The pupils of the public schools attended in large numbers, and added interest to the occasion by singing patriotic hymns and odes, under the leadership of Prof. John Bower. An immense concourse of our citizens was present, and when the beautiful statue was unveiled from the folds of the national flag, the incident was greeted with the cheers of admiring thousands, and the thunder of artillery.

As this reception of the statue of Washington, was the only public celebration of the anniversary of Independence Day, your Committee thought it fitting to engage the services of the band employed by them, for the afternoon of day, to afford pleasure and gratification to the large number of people who were observing the national holiday, promenading our thoroughfares and visiting the location of the statue. By so doing, the Committee trust they have met with your approval.

The expense attending the ceremony was for platforms, decorations, printing, bands of music, advertisements, &c., amounting in all to seven hundred and ninety-eight dollars and sixty-four cents, (\$798.64.) Your Committee endeavored to avoid useless expenditure, their object being at the same time to give interest to the occasion, appropriateness to the exercises, and in all respects comport with the reputation and dignity of the City.

By Ordinance approved July 13th, 1869, you were pleased to appropriate the sum of three hundred and fifty dollars for the purpose of enclosing the statue. A design proposed by Messrs. Robert Wood & Co., of this City, was adopted, and they were employed to construct a bronzed iron railing for the price mentioned. It is now complete and in position, preserving the statue from being injured and defaced by either the thoughtless or malicious.

Having performed the duties assigned them, and hoping they have met with your approval and commendation, your

Committee beg leave to submit the annexed Ordinance, and ask its passage.

And warrants for the payment of the same shall be drawn by the Mayor in accordance with existing Ordinances.

APPENDIX No. 105.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution directing the location of Bounty street, beg leave to report that this street is now for the greater distance paved, curbed, and built upon, but as yet has no through connection,

which renders it not only desirable for the neighborhood, but important to the healthfulness of the City, that it should be made a public thoroughfare at the earliest day. We therefore append a bill providing for its being placed upon the public plans as a through street, and ask its adoption.

Respectfully submitted,

JOHN BARDSLEY, <i>Ch'n</i> ,	ANTHONY CAMPBELL,
SAMUEL MILLER,	SAML. F. GWINNER,
E. W. LEIGHTON,	JOHN J. KERSEY,
JOHN C. MCCALL.	

October 6th, 1869.

AN ORDINANCE

To direct that Bounty street be placed upon the public plans.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys be and is hereby authorized to place upon the public plans a certain street, to be called Bounty street, which shall extend from Ellsworth street to Federal street, at the distance of two hundred and seventy-two feet west of and parallel with Fifteenth street, with a width of thirty feet.

APPENDIX No. 106.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying communication from the Hon. M. Russell Thayer, asking that there may be a revision of the line of Evergreen street, between the turnpike and the Chestnut Hill Railroad, have given the matter their attention, and received a report thereon from the Board of Surveyors, suggesting such changes as will correct the objections presented by Judge Thayer, in which they heartily concur, owing to the fact, that the line of the turnpike is built upon, and the peculiar location of a long and narrow strip of ground owned by Mr. Stalman, it is not practicable for the street to be extended from the

railroad to the turnpike, on the line of street as open eastward of the railroad, but as the offset at the railroad has most particularly been complained of, this it is proposed to correct by extending Twenty-fourth street, from Highland avenue to Evergreen street, as now located, and between Twenty-fourth street and the railroad, to locate Evergreen street upon the line desired, thus making the offset at Twenty-fourth street instead of at the railroad, as now established. To this end we beg leave to submit a resolution, and ask its adoption.

RESOLUTION

Directing a revision of the line of Evergreen street, in the Twenty-second Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to revise Plan No. , as filed in the Department of Surveys, embracing Evergreen street between the Turnpike road and the Chestnut Hill Railroad, in the Twenty-second Ward, by extending the line of Twenty-fourth street, from Highland avenue to Evergreen street, and so changing the line of Evergreen street, between the said Twenty-fourth street and the railroad, that it may be a direct extension of Evergreen street as now laid out on the easterly side of the railroad.

APPENDIX No. 107.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution relative to the construction of inlets, report, that much trouble and difficulty has heretofore existed in the matter

of inlet building, occasioned by the want of a clear understanding as the extreme limit of length for the connection, *i. e.* the distance from inlet to sewer, and as it is believed that the resolution referred to will correct this, by establishing twenty feet as the maximum, such being the general length for ordinary inlets; and fixing a price per foot for any extraordinary lengths; we beg leave to present it with a favorable recommendation.

RESOLUTION

Relating to the construction of inlets.

Resolved by the Select and Common Councils of the City of Philadelphia, That in the construction of inlets the price therefor shall hereafter include a neck or connection from inlet to sewer with an inside diameter of two and one half feet, and a length, not exceeding twenty feet, and any length beyond that shall be paid for at the rate of two dollars for each and every foot linear.

APPENDIX No. 108.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying petitions for sewers upon Spruce street, west of Twenty-first and east of Fifth street, and also on Fifth street, northward from Poplar Street, and Sixth street, northward of Willow, having given the matter their examination, find that the necessities of the sections warrant their reporting favorable to the applications, and append a bill asking its adoption.

AN ORDINANCE

To authorize the construction of certain sewers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.:

Spruce street, from Bingham street westward to the west curb line of Fifth street, with an inside diameter of three feet.

Spruce street, from the east curb of Twenty-first street westward to the Schuylkill river, with an inside diameter of three feet.

Fifth street, from the sewer in Poplar street to the north side of Wager street, with an inside diameter of three feet.

Sixth street, from the sewer in Willow street to a point sixty-seven feet south of Green street, with an inside diameter of three feet.

Said sewers to "be built" of brick, circular in form, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest and best bidders, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewers in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866; any excess over and above said assessment to be charged to item (for branch culverts) of annual appropriations made to the Department of Highways for the year 1869: *Provided*, Said excess shall not, in any case, be more than can be charged to said item under Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868.

APPENDIX No. 117.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—The Joint Committee on Finance and Law, to whom was referred the Memorial of the Schuylkill Navigation Company, (see Appendix of Select Council,) respectfully report that they have carefully investigated the same, and had made before them such statements as could be at present obtained relative to the subject-matter under consideration.

That the respective rights of the Schuylkill Navigation Company and the City of Philadelphia to the water and water-power of the Schuylkill river depend principally upon various Acts of Assembly, and agreements between said City and said Company, involving, perhaps, many serious questions of law.

And that, if any part of the claim is sustained, the amount thereof should depend upon so many facts and circumstances, the proof of all of which should be legally made; that it would be almost impossible for your Committee, with its limited means of obtaining testimony, to arrive at any just conclusion in regard to the same.

The whole subject matter, therefore, involving such important questions of law and facts that the Committee feel it can only be satisfactorily settled by the decision of the Courts, and therefore ask for the adoption of the following resolution.

APPENDIX No. 121.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—I herewith submit a communication received from the Chief Engineer and Surveyor of the City, in relation to the "Penrose Ferry Bridge," recommending that measures be taken to free the channel of the Schuylkill from the remnants of the piers and bridge at that place, and that provision be made for the safety of the material now on the site of the late bridge. Your action is respectfully solicited.

Yours, &c.,

MAHLON H. DICKINSON,

Chief Commissioner of Highways.

Oct. 14th, 1868.

PHILADELPHIA, *October 13th, 1869.*

MAHLON H. DICKINSON, Esq.,
Chief Commissioner of Highways.

DEAR SIR:—Our visit to the site of the Penrose Ferry Bridge has shown the imperative necessity of removing from the channel of the river whatever portion of the pier destroyed may be so placed as to endanger navigation. Should one of the large oil vessels meet with injury at that point, the damage might amount to twice the worth of the entire bridge.

I should recommend that soundings be made to ascertain the position of the stone submerged, and then engage the services of a dredging machine for its removal. A few spring piles should be driven at the corner of the South Fender Crib at Draw Pier to prevent injury to vessels desiring to escape the sunken masonry. I would also call your attention to the necessity of having the span of superstructure removed from the water, not only to prevent its loss, should the river again rise, but to preserve the large amount of iron work that will soon in the water be irreparably injured. I would add that to place this bridge in the condition it was prior to the freshet, will cost approximately

\$35,000. The question of renewal of bridge, or the institution of a Ferry there, is a matter for consideration.

Very respectfully,

STRICKLAND KNEASS,
Chief Engineer.

APPENDIX No. 122.

RESOLUTION

Of instruction to the Chief Commissioner of Highways.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to take such measures as may be deemed necessary to free the channel of the river Schuylkill from any obstruction that may there exist in consequence of the destruction of the "Penrose Ferry Bridge," and also to secure the remains of the bridge, in order that the same may be used, if necessary, in the rebuilding thereof.

Oct. 14th, 1869.

RESOLUTION

To authorize the paving of Twenty-third and other streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and is hereby authorized and directed to enter into a contract with a competent paver or pavers, who shall be selected by a majority of the owners of property fronting on Twenty-third street, from Washington avenue to Christian street; Hedding street, from North street to Barclay street; Barclay street, from Hedding street, eastward, seventy-five feet, for the paving thereof. The conditions of which contract shall be, that the contractor or contractors shall collect the cost of said paving from the property owners fronting on said streets respectively, and shall also enter into an obligation with the City to keep said streets in good order for three years after the paving is finished.

APPENDIX No. 130.

RESOLUTION*

To lay the L. S. Filbert & Co.'s Vulcanized Pavement.

Resolved by the Select and Common Councils of the City of Philadelphia, That the L. S. Filbert Vulcanized Pavement Co. be and the same are hereby authorized to lay their vul-

canized pavement on the west side of Ninth street, from Chestnut to Sansom street; also, such portions of Vine street between Second and Third streets, or such other places as Councils shall designate, as may be necessary to give a practical test of this pavement: *Provided*, That the City shall be at no expense for the laying of the same: *Provided, also*, That the parties above named shall give bonds, with approved security, for the replacing of the pavement to its original condition, if the same should not prove satisfactory to the Department of Highways.

APPENDIX No. 131.

RESOLUTION

Of inquiry and instruction to the Chief Engineer of the Fire Department.

Whereas, Councils passed an Ordinance, approved June 30th, 1869, to prevent the running of Fire Engines, Hose Carriages, &c., upon the sidewalks, by which it became the duty of the Chief to immediately suspend, and report to Councils each and every Company violating said Ordinance:

And whereas, It is a matter of public notoriety that on Sunday, October 3d, during the alarm of fire, the Humane Hose Carriage, the Northern Liberty Hose Carriage, and Hose Carriage No. 14, were run for a considerable distance upon the sidewalk along Franklin square, much to the danger of the lives of pedestrians, and in direct violation of said Ordinance; therefore be it

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Engineer of the Fire Department be and hereby is instructed to inquire into the facts of said alleged violation of said Ordinance, and to report the same to Councils on Thursday next, and also at the same time to report why said Ordinance is not strictly enforced.

APPENDIX No. 132.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Finance would respectfully report that they have considered the sufficiency of the sureties of Thomas J. Worrell, City Solicitor elect, and submit the annexed resolution to approve the same, and recommend its passage.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be requested to notify the Germantown Passenger Railway Company to repair Seventh street, on the line of their road, from Montgomery avenue to Norris street.

APPENDIX 138.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Finance, to whom was referred the communication of C. D'Invilliers relative to certain warrants, respectfully report that they have carefully examined the same, and find that said warrants were regularly issued in the year 1868, by the Chief Commissioner of Highways, who, upon examination, now certifies they are correct, and although said warrants were each duly stamped by the City Treasurer, yet through an omission on the part of the holder they were not presented during said year to the Controller to sign, and that they cannot be properly signed now by the Controller unless he is so instructed by Councils. Your Committee, therefore, recommend the adoption of the annexed resolution.

RESOLUTION

Of instruction to the City Controller.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Controller is hereby authorized and requested to countersign two certain warrants drawn by the Chief Commissioner of Highways, to wit: one of them for one hundred and eighty-eight dollars and fifty cents, dated August 11, 1868, (No. 2395 to Item 8,) in favor of Myers and Cartledge, stamped by the City Treasurer, 8th month 15, 1868, No. 11,869, and the other of them for seventy-five dollars, dated August 17, 1868, (No. 2422 to Item 8,) in favor of Myers and Cartledge, stamped by the City Treasurer, 8th month 22, 1868, No. 12,068, and charge the same to Item 7, of the annual appropriation to the Department of Highways for the year 1869.

APPENDIX No. 139.

To the Common Council of the
City of Philadelphia:

GENTLEMEN:—The Committee on Finance of Common Council respectfully report that they have considered “An Ordinance to make an appropriation to pay for the enlargement of Select Council chamber, &c.,” and are of opinion that extraordinary expenses not provided for should be paid from a special appropriation. The Committee therefore report the Ordinance back, and recommend that it be passed, with the following amendment, viz.: by striking out all after the words “do ordain,” and inserting the following, to wit: “That the sum of three thousand six hundred and forty-four dollars and thirty-five cents be and the same is hereby appropriated to pay the expenses incurred in the enlargement of Select Council chamber, repairs to furniture, &c., as approved by the Committee on Printing and Supplies. And the warrants for said appropriation shall be drawn by the Clerks of Councils.”

AN ORDINANCE

To authorize the construction of certain sewers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.:

Walnut street, from Thirteenth street to the east curb line of Broad street, three feet in diameter.

Ninth street, from the sewer in Jayne street to the south line of Arch street, three feet in diameter.

Schell street, from Vine street three hundred feet southward, two feet six inches in diameter.

Marshall street, from Coates street to the south curb line of Green street, three feet in diameter.

Franklin street, from Thompson street to the north curb line of Oxford street, three feet in diameter.

Carlton street, from Twenty-second street to the west line of Twenty-first street, three feet in diameter.

Tulip street, from Huntingdon street to the northeast curb line of Tucker street, two feet six inches in diameter.

Hare street, from Ringgold street to the east curb line of Twenty-fifth street, three feet in diameter.

Franklin street, from Willow street to the north line of Green street, three feet in diameter.

Fifteenth street, from Ridge avenue to the north line of Parrish street, three feet in diameter.

Said sewers to be built of brick, circular in form, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest and best bidders; and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewers, in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866; any excess over and above said assessment to be charged to item (for branch

culverts) of annual appropriations made to the Department of Highways for the year 1869.

APPENDIX No. 147.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:--Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution authorizing the construction of a sewer across Master street, find that the purpose of this work is to provide for the flow of a natural water course crossing Master street between Thirtieth and Thirty-first streets, the existence of which as an open water course prevents the grading and improving of Master street.

The sewer must be about one hundred and fifty feet long, with a drain of six feet, and will cost about \$900.

We append the resolution, and ask its adoption.

RESOLUTION

Locating Paoli, Ashburton, and Harrison streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to locate upon the public plans the following streets, viz.:

Paoli street—Fifty feet wide, to extend from Ridge avenue to Washington street, upon or near the line of Paoli lane, in the Twenty-first Ward.

Harrison street—Fifty feet wide, to extend from Penn street to Oxford road, upon the line of Harrison street, as now located easterly of said Penn street, in the Twenty-third Ward.

Ashburton street—Thirty feet wide, to extend from Twenty-fifth to Twenty-sixth street, parallel with Pine street, the distance of one hundred and twenty-six feet therefrom on the south.

APPENDIX No. 149.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution, asking that the name of State street, in the Tenth Ward,

may be changed to Winter street, find that the street named is in fact an extension of Winter street, and there is therefore very good reason that it should have the same name; we therefore recommend the adoption of the resolution.

RESOLUTION

To change the name of State street in Tenth Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the name of State street, extending from Fifteenth to Sixteenth street, south of Vine street, in the Tenth Ward, be and the same is hereby changed to Winter street; and the Chief Commissioner of Highways is hereby directed to index the same accordingly.

APPENDIX No. 150.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the application for a reduction of the width of Forty-second street, between Market street and Westminster avenue, have received a report from the Board of Surveyors, wherein it is shown that the result of the reduction in width asked for, will be the opening of said street without expense to the City, while a width of sixty feet may be deemed sufficient for all the purposes of the City in that locality. We are advised that the owners of more than eight-tenths of the ground between Powelton avenue and Westminster avenue have agreed with each other to open the sixty feet wide street without claiming damages. We therefore append the annexed resolution, and ask its adoption.

RESOLUTION

Relative to Forty-second street, Twenty-fourth Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to so revise the lines of Forty-second street, between Market street and Westminster avenue, that the same shall be sixty feet in width, instead of eighty as now fixed; the reduction of width between Market street and Lancaster avenue to be taken from the east side, and between Lancaster avenue and Westminster avenue to be taken equally from each side.

APPENDIX No. 151.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying Ordinance supplementary to an Ordinance locating Bounty street, find that an error was made in the Ordinance as passed by Councils, in defining the position of the street. This supplement is therefore absolutely necessary, so that proper action may be had before the Court, and the order to open from Councils may have due effect.

APPENDIX No. 154.

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *October 28th, 1869.*

To the President and Members of the
Common Council of the City of Philadelphia :

GENTLEMEN:—I return without my approval a resolution entitled “Resolution approving the sureties of Thomas J. Worrell, City Solicitor elect,” and also a resolution entitled “Resolution to approve the sureties of the City Controller elect, Receiver of Taxes elect, and City Commissioner elect.”

The Court of Common Pleas, on the 16th inst., decided that those whose sureties you have by these resolutions approved were elected to the several offices claimed by them, and your action on the 18th, in reference to the matter, was eminently proper as the necessary preliminary to their entering upon the duties of their offices respectively. Afterwards, however, the present incumbent appealed from that decision to the Supreme Court, and writs of certiorari have been issued removing the whole records for the final decision of the Supreme Court; of this I was on the same day (namely, the 19th) on which the resolutions were delivered to me for consideration, formally notified by the counsel for the parties appealing, as also of the fact that the writs issued from the Supreme Court operated as a supersedeas to further proceedings under the decree of the Court of Common Pleas, and prevented those who had been declared to be elected from taking possession of the offices until the Supreme Court should finally decide the cases; a copy of these notices accompanies this message. In the case of the contested election of sheriff of this county in the year 1861, (*Ewing v. Thompson*,) which is reported in the seventh volume of Wright's Report, page 372, the Supreme Court decided that the late John Thompson, who was declared by the Court of Quarter Sessions to have been elected sheriff, could not assume the duties of the office until the then impending appeal was decided by the Supreme Court, and that Court issued an injunction preventing him from interfering with the then incumbent, (the late Robert Ewing.) Justice Strong delivered the opinion of the Court, saying emphatically that the writ of certiorari

issued out of the Supreme Court operated as a stay of proceedings. To approve these resolutions would be therefore either nugatory, without any effect, or embarrassing in having a tendency to promote further and unnecessary litigation.

It is not prudent nor safe to approve sureties until the *near* approach of the time when the term of service commences, as the wheel of fortune rolls quickly and constantly, and the financial condition of the sureties might be unfavorably changed, if much time elapsed between the entry of the surety and the commencement of official services.

I have been informed that an application has been made to the Supreme Court to quash the appeal, and that an early decision is probable; whenever that decision is made I will promptly co-operate with you in any measure calculated to make it available and effective.

For these reasons I invite your reconsideration of the two resolutions returned to you.

Very respectfully,

DANIEL M. FOX,

Mayor of Philadelphia.

PHILADELPHIA, *October 19th, 1869.*

MY DEAR SIR:—My attention has been directed to the passage of certain resolutions by the Councils of the City, approving the sureties of certain officers decreed by the Court of Common Pleas to have been elected at the general election in October, 1868. Under an allocatur granted by the Chief Justice of this Commonwealth, all proceedings upon the judgment of the Common Pleas have been suspended until the same shall be reviewed. The contest is therefore pending. There is no more propriety of approving sureties *now* than there would have been to have done so immediately after the election. Your predecessor, Mr. Henry, vetoed a like resolution during the contest between Mr. Weaver and Mr. Given, and the Court of Common Pleas refused to award a mandamus commanding the Councils to act.

Yours, truly,

(Signed) DAVID W. SELLERS,

Attorney for JOHN M. MELLOX and others.

HON. DANIEL M. FOX, *Mayor.*

October, 19th, 1869.

HON. DANIEL M. FOX,

Mayor, &c.

DEAR SIR:—Writs of certiorari having been duly issued from the Supreme Court, and lodged in the office of the Prothonotary of the Court of Common Pleas, in the cases of contest for the municipal offices, I beg to call your attention to the fact that these writs of certiorari operate as a *superseidas* of the execution of the decrees of the Court of Common Pleas in those cases; and until these writs of certiorari, and the appeals taken up by them, are judicially disposed of, I request, as counsel for the present incumbents of the said offices, that you will suspend action on any ordinances or resolutions to approve the sureties of the parties claiming under the decrees of the Court of Common Pleas.

Very respectfully, yours,
(Signed) ISAAC GERHART,
Solicitor for Incumbents.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Controller be authorized to transfer the sum of two hundred and twenty-five dollars from Item 1 to Item 2 in the appropriation to the City Commissioners, approved September 30th, 1869, for the purpose of paying the Clerk of the Board of Aldermen seventy-five days' additional salary, in consequence of election officers having been substituted by the Court.

APPENDIX No. 167.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Finance respectfully report that they have considered the petition of the Assessors of the City of Philadelphia, praying for the payment of two hundred and fifty dollars to each Assessor for extra compensation for the year 1869, and are of the opinion that Councils have no power to make an appropriation for such purpose, as by reference to Act of Assembly approved February 10th, 1865, the pay of the Assessors was fixed at five hundred and fifty dollars per annum, and said Act setting forth very fully that said sum shall be a full compensation for all services imposed by law, or to be hereafter imposed by the State or municipal authority. And again, by reference to Act approved February 2d, 1867, the Legislature increased the compensation of the assessors to seven hundred and fifty dollars per annum in direct opposition to the expressed desire of Councils. The Committee therefore report back the petition, with a negative recommendation, and request the passage of the annexed resolution.

AN ORDINANCE

To authorize the construction of certain sewers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct the following sewers, viz.:

Nansom street, from the sewer in Eleventh street to the east curb line of Twelfth street.

Eleventh street, from Mark's lane to Arch street.

Twenty-fifth street, from Locust street to the south side of Manning street.

Said sewers to be built of brick, circular in form, with an inside diameter of three feet, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest and best bidders, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewers in manner and form authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866; any excess over and above said assessment to be charged to item (for branch culverts) of annual appropriations made to the Department of Highways for the year 1869; *Provided*, Said excess shall not, in any case, be more than can be charged to said item under Ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for

street intersections, manholes, and legal deductions, in the construction of branch sewers," approved April 3d, 1868.

To the Common Council
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Law, of Common Council to whom was referred the annexed Ordinance from Select Council entitled "A Supplement to an Ordinance entitled 'An Ordinance relating to horses, cows, sheep, goats, and other animals, running at large,' approved March 1st, 1855," respectfully report they have considered the subject, and it appearing that the citizens of Germantown are particularly annoyed by the predatory excursions of the domestic fowls called "geese" upon their sidewalks, and their noisy and offensive convocations upon their board walks and doorsteps; and although these useful, and at certain seasons, palatable birds, by their cries and clatter, saved the Imperial City from the attacking barbarians, their day of usefulness in this respect has passed away, and the residents of Germantown think the geese should be appropriately *penned*, there to ruminate over the greatness of their ancestors, cultivate their graces (greases) for the epicure, and their plumage for the thoughtful house-wife.

Your Committee therefore report back the Ordinance with a favorable recommendation, together with the following amendment, viz.: "*Provided*, That the same shall apply only to the Twenty-second Ward."

APPENDIX No. 188.

To the Common Council of the
City of Philadelphia :

GENTLEMEN:—The undersigned Committee on Water Works, of Common Council to whom was referred the accompanying resolution, passed by Select Council, entitled "Resolution to remove certain restrictions in Resolution entitled 'Resolution to lay water pipes on Township Line road and

other streets," respectfully report that they have carefully inquired into the subject, being attended by a number of the citizens residing at Tioga, Twenty-eighth Ward, and of Germantown; and to be more fully acquainted with the merits of the application, visited both Tioga street and the Water Works at Germantown.

By resolution approved October 28th, 1865, the Chief Engineer of the Water Department was directed to lay water pipes in several streets, among them Tioga street, from Township Line road to Seventeenth street. It was, however, provided that said water pipes, when laid, shall be used for fire purposes only, and no attachment for any other or private use shall be made, or permit issued therefor, until the completion of the projected water works at Flat Rock, or until otherwise authorized by Ordinance. Water pipes have been laid on Township Line road and Venango street, but never upon Tioga street. The object of the proposed repeal of the above proviso is to have the water pipe laid on Tioga street.

The residents and owners of property on said street are anxious to have the same laid, particularly as the present is a favorable opportunity, the street, which they had macadamized at their own expense, being torn up to allow the construction of a sewer.

The citizens from Germantown strongly opposed the repeal of the proviso, for the reason that the proposed extension of the pipe and the use of the water would still further reduce the limited supply which they now have from the Germantown Works.

It appeared that the pipe had not been laid on Tioga street by the Chief Engineer, for the reason that he believed as soon as it was laid and paid for by the owners of property on the line of the street, they would have the right to use the water for other than fire purposes.

Your Committee are of the opinion that the pipe should be laid as directed by the resolution, but do not think it necessary for that purpose to repeal the proviso. The Department will lay the pipe as soon as the same can be procured, the supply purchased for use the present year having been exhausted, and the amount required for Tioga street is included in the special appropriation now asked for by the Chief Engineer.

And as the completion of the Roxborough basin, and the bridge across the Wissahickon, connecting the former with the Mt. Airy Reservoir, is confidently expected during the coming winter, it is hoped then to afford a much larger supply of water both to Germantown and the residents at Tioga.

In regard to the question, Whether upon the pipe being laid and paid for by the property owners, they will be entitled to use the water for private purposes, notwithstanding the proviso referred to; your Committee do not feel called upon to express an opinion.

The citizens at Tioga wish the pipe laid, and this as stated should be done. And by the time it can be laid, it is hoped that the restrictions in the "proviso" will expire by limitation, viz.: "the completion of the projected Water Works at Flat Rock."

As stated, your Committee do not think, that in order to comply with the wishes of the citizens of Tioga, it is necessary to repeal the "proviso," but merely that the water pipe be laid, and this will be done as speedily as possible.

They therefore report back the resolution with a negative recommendation.

RESOLUTION

To meet in Joint Convention.

Resolved by Common Council, That Select Council be invited to meet in Joint Convention on Wednesday afternoon, 17th day of November, A. D. 1869, at 5 o'clock, in the Common Council chamber, to elect three Directors of the Pennsylvania Railroad; and one Port Warden, in the place of John R. Penrose, deceased.

APPENDIX No. 194.

RESOLUTION

Relative to the death of Rebecca George.

Whereas, It is announced that Miss Rebecca George, after a long and useful life, has passed away in death, and it is proper and becoming that the City of Philadelphia, which enjoys, and will ever enjoy, the munificent gift of this deceased lady and her brother, Jesse George, of one of the most beautiful portions of Fairmount Park, should express its respectful regard for her memory, and its sympathy with her surviving kindred; therefore,

Resolved by the Select and Common Councils of the City of Philadelphia, That they have heard with profound sorrow the announcement of the decease of Miss Rebecca George, who, though her useful and excellent life is closed, will be ever borne in grateful memory by this, and by coming generations of citizens, while they enjoy the munificent gift of this deceased lady and her brother, of nearly one hundred acres of the most beautiful portion of Fairmount Park.

Resolved, That the sympathies of the City of Philadelphia are hereby expressed to Mr. Jesse George, the surviving brother of this estimable lady, and her partner in this generous gift, in the sorrowful bereavement which has befallen him, and that the Mayor of the City be requested to address Mr. George a letter of condolence, enclosing a copy of these resolutions.

Resolved, That a joint special committee of five members from each Chamber, along with the President of each Chamber, be appointed to act with the Mayor and Park Commissioners, and to attend the funeral of Rebecca George, as a mark of respect to her memory.

APPENDIX No. 195.

RESOLUTION

Of request to the Board of Health.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Board of Health is earnestly requested to have cleansed the following streets, viz.: Walnut street, from Sixth street to Thirteenth street; Thirteenth street, from Walnut street to Chestnut street; Chestnut street, from Thirteenth street to Broad street; Broad street, from Chestnut street to Spruce street; Spruce street, from Broad street to Tenth street; and Tenth street, from Spruce street to Shippen street; they having found the same in a disgracefully dirty condition on the occasion of Admiral Stewart's funeral, November 10th, 1869.

APPENDIX No. 196.

RESOLUTION

Of instruction to the Chief Commissioner of Highways.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby instructed to notify the officers of the Schuylkill River Passenger Railway Company to have their tracks and roadway immediately repaired; and if said Company does not promptly comply with said notice, then the Department of Highways shall proceed to do the repairs at the expense of the said Company.

APPENDIX No. 197.

RESOLUTION

To appoint a Joint Special Committee on the United States Census.

Whereas, The period is rapidly approaching when, in accordance with the Constitution of the United States, an enumeration of the people of our Commonwealth will again be taken;

And whereas, In our opinion, it is highly important for the interests of our citizens, that a full and accurate account be had of the many and rapidly increasing industrial and other enterprises in our midst and vicinity, along with the social statistics of our City; therefore, be it

Resolved by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five members from each Chamber be appointed, to confer with the United States authorities at Washington and elsewhere, as to the manner of taking with accuracy the *Ninth United States Census* (during the year 1870) in the City of Philadelphia, with the view to obtain for our locality, correct statistics of the large number and magnitude of the mercantile, commercial, and manufacturing establishments, &c., situate in our midst and immediate neighborhood, and the unusually great facilities that abound in this vicinity for conducting with great economy all kinds of industrial enterprises.

APPENDIX No. 216.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—In compliance with a resolution of Councils passed November 11th, 1869, instructing the Superintendent of the Girard Estates "to report to Councils the names of all persons holding leases of the coal lands of the Girard Estates, together with the date and expiration of all said leases," I herewith submit the same.

1st. James J. Conner, lease dated March 15th, 1862, A. Henry, Mayor, for five years, expired March 15th, 1867. Lease dated March 16th, 1867, M. McMichael, Mayor, for five years, surrendered, and new lease made May 31st, 1869, for fifteen years, D. M. Fox, Mayor, will expire January 1st, 1884.

2d. Cornelius Garretson, lease dated May 1st, 1863, A. Henry, Mayor, for five years, transferred to Theodore Garretson 1866, expired May 1st, 1868, and new lease made to Theodore Garretson for fifteen years, from January 1st, 1869, dated May 21st, 1869, D. M. Fox, Mayor, will expire January 1st, 1884.

3d. John Anderson, James Ryan, Wallace P. Ryan, trading under the firm of John Anderson & Co., lease dated July 3d, 1863, for five years, A. Henry, Mayor, expired July 1st, 1868, and new lease dated May 29th, 1869, D. M. Fox, Mayor, for fifteen years, from January 1st, 1869, will expire January 1st, 1884.

4th. Carter, Shoener & Co., lease dated September 1st, 1863, for five years, transferred to Continental Coal Company, expired September 1st, 1868, and new lease to Charles L. Goodridge and John T. Audenreid, Continental Coal Company, for fifteen years, dated May 27th, 1869, D. M. Fox, Mayor, will expire January 1st, 1884.

5th. F. B. Kaereher, lease dated November 14th, 1863, for five years, A. Henry, Mayor, transferred to Girard Coal Company and surrendered, and new lease to Girard Coal Company, dated December 8th, 1865, for five years, passed by Councils notwithstanding the objections of his Honor the Mayor, will expire December 8th, 1870.

6th. Seitzinger and Huntzinger, lease dated July 1st,

1865, for five years, M. McMichael, Mayor, transferred to Philadelphia Coal Company 1867, surrendered, and new lease to The Philadelphia Coal Company, H. C. Cake, President, George W. Huntzinger, Treasurer, dated July 27th, 1869, (Ordinance approved by D. M. Fox, Mayor, April 21st, 1869,) for fifteen years, from January 1st, 1869, signed by C. S. Smith, Superintendent of Girard Estate, in compliance with an Ordinance passed by Councils notwithstanding the objections of his Honor the Mayor, the 4th day of November, 1869, will expire January 1st, 1884.

7th. C. H. Dengler and Morris Robinson, lease dated October 1st, 1863, for five years, cancelled, and new lease dated January 1st, 1867, for five years, to the Boston and Mahanoy Coal Company surrendered, and new lease dated May, 1869, D. M. Fox, Mayor, for fifteen years from January 1st, 1869, will expire January 1st, 1884.

8th. Richard Lee, William Grant, and Frederick Patterson, lease dated October 1st, 1864, A. Henry, Mayor, transferred to Edward Brooke, George Brooke, Samuel E. Griscom, and Seyfert, McManus & Co., trading as Samuel E. Griscom & Co., surrendered, and new lease dated August 9th, 1869, for fifteen years, from January 1st, 1869, signed by C. S. Smith, Superintendent of Girard Estate, in compliance with an Ordinance passed by Councils notwithstanding the objections of his Honor the Mayor, on the 4th day of November, A. D. 1869, will expire January 1st, 1884.

9th. Daniel B. Fisher, Henry Sailor, John B. Reber, and B. B. Thomas, lease dated August 1st, 1865, for five years, A. Henry, Mayor, assigned to The Thomas Coal Company May 1st, 1867, surrendered November 5th, 1869, and new lease dated November 5th, 1869, for fifteen years, to The Thomas Coal Company, signed by C. S. Smith, Superintendent of Girard Estate, in compliance with an Ordinance passed by Councils notwithstanding the objections of his Honor the Mayor, the 4th day of November, A. D. 1869, will expire January 1st, 1884.

In connection with the foregoing I will state, that an Ordinance to authorize the execution and delivery of a coal lease to the Kniekerbocker Anthracite Coal Company became a law, it having been presented to the Mayor on the 18th day of September, A. D. 1869, and was not returned within fifteen days after it was presented to him, said Ordinance.

nance to be executed by the Superintendent of the Girard Estate.

This lease is not in force, as the Ordinance requires that the Thomas Coal Company shall first have surrendered so much of the territory embraced in their present lease as covers the portion therein authorized to be granted to the Knickerbocker Anthracite Coal Company. This release has not yet been made.

The names of the stockholders of the several corporate coal companies I have no means of ascertaining.

CHARLES S. SMITH,

Superintendent of the Girard Estate.

November 16th, 1869.

RESOLUTION

To authorize the paving of Sansom and other streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and is hereby authorized and directed to enter into a contract with a competent paver or pavers, who shall be selected by a majority of the owners of property fronting on Sansom street from Thirty-fourth street to Thirty-sixth street, Thirty-fourth street from Market street to Chestnut street, and Locust street from Forty-second street to Woodland street, for the paving thereof; the conditions of which contract shall be, that the contractor or contractors will collect the cost of said paving from the property owners respectively, and shall also enter into an obligation with the City to keep said streets in good order for three years after the paving is finished.

AN ORDINANCE

Supplementary to an Ordinance to repeal an Ordinance relating to the paving of streets and avenues in the City of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That so much of an Ordinance entitled "An Ordinance relative to paving streets and avenues in the City of Philadelphia," approved the 12th day of June, 1868, so far as relates to Thirty-fourth street from Market street to Chestnut street, Sansom street from Thirty-fourth street to Thirty-sixth street, and Locust street from Forty-second street to Woodland street, be and the same is hereby repealed.

APPENDIX No. 230.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—We, your Highway Committee, to whom was referred the petition to pave Edgemont street, from William street to the south side of Alleghany avenue, in the Twenty-fifth Ward, respectfully report that we have examined and approve of the same, and submit for your consideration the annexed resolution and ask its adoption.

Nov. 17th, 1869.

RESOLUTION

To authorize the paving of Edgemont street.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Highways be and is hereby authorized and directed to enter into a contract with a competent paver or pavers, who shall be selected by a majority of the owners of property fronting on Edgemont

street, from William street to the south side of Alleghany avenue, in the Twenty-fifth Ward, for the paving thereof; the conditions of which contract shall be that the contractor or contractors shall collect the cost of said paving from the property owners respectively, and shall also enter into an obligation with the City to keep the street in good repair for three years.

APPENDIX No. 231.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the preamble and bill, asking that the grades on Albion street, between Walnut and Locust streets, may be revised, find that by the old established grades there is a summit on this square, and that the vacation of Albion street southward from Walnut street by an Act of Assembly did not extend as far as this summit by about one hundred feet; the effect of which is that there is a basin from which the drainage from properties on Twenty-first and Twenty-second streets cannot escape unless a sewer be constructed. To correct this, a small change of elevation in the curb line will be requisite; to attain which, your Committee submit the annexed resolution and ask its adoption.

RESOLUTION

To revise the grades on Albion street, Eighth Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to revise the grades upon so much of Albion street, in the Eighth Ward, as lies between Locust and Walnut streets.

APPENDIX No. 232.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the resolution directing the Chief Engineer and Surveyor to locate inlets at the corner of Eighth and Locust streets and Eighth and Walnut streets, would report that the latter part has been fulfilled, but that as there is no sewer at Eighth and Locust streets, no inlets can be constructed as desired, and offer the following.

Nov. 16th, 1869.

RESOLUTION

Resolution to discharge the Committee on Surveys from consideration of petition for culvert at Eighth and Locust streets.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys be discharged from the further consideration of the subject.

APPENDIX No. 233.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the resolution relative to the surveys of the old City, would report that the records of the Survey Department are entirely wanting in reliable maps as to accurate lines and distances over the old City plot, and therefore earnestly urge the adoption of the annexed resolution.

NICHOLAS SHANE,	ANTHONY CAMPBELL,
JOHN J. KERSEY,	DAVID CRAMER,
JOHN C. MCCALL.	

Nov. 17th, 1869.

RESOLUTION

Relative to the survey of the old City plot.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to survey and prepare plans of the old City of Philadelphia, showing the accurate lines of streets, with the proper dimensions between them, as also the grade elevations at each street intersection, each corner to have a permanent mark thereon to designate its true position.

APPENDIX No. 234.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the petition from a large number of property owners in the Twenty-third Ward, asking that Orthodox street may be extended upon the City plans from Adams street to intersect the Rowlandsville road, beg leave to say that the object of this is to open greater facilities of communication between Frankford and the Twenty-second Ward, as the length of this proposed street is about 1,600 feet, while the distance now to be travelled, between the points of beginning and termination of this road, is 3,500 feet, and partly over a turnpike road, the cost of this work of survey will not exceed one hundred dollars, your Committee heartily endorse the application and ask favorable consideration for the annexed resolution.

SAMUEL MILLER,
NICHOLAS SHANE,
JOHN J. KERSEY,

E. W. LEIGHTON,
ANTHONY CAMPBELL,
DAVID CRAMER,

WM. L. MORISON.

Nov. 17th, 1869.

RESOLUTION

Relative to the extension of Orthodox street in the Twenty-third Ward.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be and is hereby authorized and directed to locate Orthodox street, between Adams street and the Rowlandsville road, and prepare plans in duplicate therefor; the cost to be paid out of item for surveys to be ordered during 1870, in appropriation to the Department for Surveys for the ensuing year.

 APPENDIX No. 235.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the bill providing for the construction of a sewer on the line of Harrison street, from Front street to Frankford road, having received a report from the Board of Surveyors thereon, would state that this is entirely a private matter, the necessities of the City not requiring any sewer on that street; but would further say, that if the parties interested make their application to the Board of Surveyors in due form, as directed by Ordinance, they would have no difficulty in obtaining privilege to construct the sewer desired.

APPENDIX No. 237.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—The undersigned minority of the Committee on House of Correction respectfully report that they have given the matter of a site for a House of Correction their careful attention, and have visited several localities since their last report, approving of the site in Delaware county known as the Alburger Tract. The bill approving the above site having failed in Select Council, they thought that the the public exigencies required a House of Correction and that it was their duty to visit other localities and report some place to locate the same. They therefore would report a bill locating the same on a tract of land in Lower Dublin township, now in the Twenty-third Ward of the City of Philadelphia, known as the Pearson Farm, containing one hundred and ninety-five acres and eight perches. The price agreed to be paid for the same is, three hundred and seventy-five dollars per acre; making seventy-three thousand one hundred and forty-four dollars, (\$73,144.) The terms are as follows: twenty-five thousand dollars on execution of the deed, and balance to be secured on bond and warrant of attorney and mortgage secured in the usual manner. Your Committee in reporting favorable to this tract of land would state for your information, that it has a barn on the same which could not be erected at less than fifteen thousand dollars at the present time; there is also plenty of good stone on the same; the barn above mentioned having been erected from stone quarried on the place; it has also the advantage

of one thousand feet front on the river Delaware, the water being deep enough to land any vessel; it has also railroad communication direct through by the Trenton Railroad. Taking the matter as a whole for all its advantages, they have come to the conclusion to report in favor of the same, and recommend the passage of the annexed bill.

Nov. 17th, 1869.

AN ORDINANCE

To approve the site of a House of Correction.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain,* That the City Solicitor is hereby directed to examine the title to all those two several tracts, pieces or parcels of ground, with the messuage, or mansion house, barn and other buildings thereon erected, situate, lying and being contiguous to and adjoining each other, in late Lower Dublin Township, County of Philadelphia, now in the Twenty-third Ward of the City of Philadelphia; the first of them described as follows: Beginning at a stone set for a corner by the side of the river Delaware, and extending thence by lands of Joseph Dungan, Abraham Hewlings and Giles Knight, north, thirty-eight degrees thirty-five minutes west, three hundred and sixty-three and a half perches to a stone set for a corner in the middle of Bristol road, (which said line is now the centre of a public road leading from the river Delaware to the said Bristol road;) thence along the middle of the said road by land of Jonathan Thomas, deceased, north, fifty degrees fifty minutes east, eighty-two perches and nine-tenths of a perch to a stone set for a corner, and north, seventy-one degrees forty-five minutes east, eight perches and fifty-eight hundredths of a perch to a corner; thence by land granted to J. Myers and by land of Evan Thomas, south, thirty-eight degrees thirty-five minutes east, two hundred and sixty-two and eight hundredths perches to a corner stone; south, thirty degrees west, twenty-eight perches to a white oak, marked for a corner; and south, thirty-four degrees thirty-five minutes east, one hundred perches to a corner stone by the side of

Delaware river aforesaid; and thence down by the said river on its several courses fifty-six and six-tenths perches, or thereabouts, to the place of beginning. Containing one hundred and ninety-one acres and one hundred and twenty-eight perches, be the same more or less. Also, the other of them situate in Lower Dublin Township, County and Ward aforesaid: Beginning at a stone; thence by land of George W. Morgan south, thirty-three degrees and fifteen minutes east, eight perches and three-tenths of a perch to a stake; thence by the river Delaware south, fifty-six and a quarter degrees west, fifty-six perches and one-tenth of a perch to a stake; thence by other land, thirty-seven degrees west, eleven perches to a stone; thence by other land of Isaac Pearson north, sixty-five degrees east, twenty-eight and a half perches to a corner; and thence north, fifty-four degrees east, twenty-eight perches and five-tenths to the place of beginning. Containing three acres and one quarter and allowances. The two tracts containing one hundred and ninety-five acres and eight perches, more or less. And if he approve of the same, that he cause a conveyance of said tracts of land and premises to be made to the City of Philadelphia in fee; the consideration therefor to be the payment of the sum of twenty-five thousand dollars upon the delivery of the deed, and the balance of forty-eight thousand one hundred and forty-four dollars, to be secured on the same by bond and warrant of attorney and mortgage in the usual manner.

SECT. 2. From the Thomas Coal Company and the Knickerbocker Anthracite Coal Company, I have had no reply.

The Boston and Mahanoy Coal Company have, by authority given them in twenty-eighth article of their lease, assigned the same to a corporation under the laws of this Commonwealth, under the corporate name of "The Bear Ridge Coal Company," executed November 19th, 1869, to J. P. T. Edmands, Ira Potter, C. M. Seaver, S. S. Preston, and Joseph F. Dean.

Very respectfully,

CHARLES S. SMITH,
Superintendent of the Girard Estate.

APPENDIX No. 254.

AN ORDINANCE

Supplementary to an Ordinance entitled "An Ordinance supplementary to an Ordinance approved the seventh day of July, 1857, entitled 'An Ordinance to regulate Passenger Railways,' approved October 16th, 1860."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it is hereby declared to be the true intent and meaning of the provisions of the Ordinance entitled "An Ordinance supplementary to 'An Ordinance approved the seventh day of July, 1857, entitled an Ordinance to regulate Passenger Railways,' approved October 16th, 1860," requiring that whenever any passenger railway shall hereafter be made or laid down in the City of Philadelphia, or whenever any part or portions of any such railway now laid down, shall be relaid, the sides thereof shall be paved with cubical blocks or granite, laid on each side of the rail, that the said cubical blocks shall be blocks of granite, laid on each side of each rail of said railway, and be of not less than eight inches square, for paving on the outside of the rails, and the blocks for paving on the inside of the rails shall be of eight inches in height, eight inches in length, and three inches in breadth.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—The Committee on Finance respectfully report that they have considered the communications from the City Commissioners, for an additional appropriation to pay the fees of the Clerk of Quarter Sessions for the years 1868 and 1869, and fees of the District Attorney for 1869, and asking for certain transfers to pay road jurors. The appropriation for fees is required in consequence of the Legislature increasing the fees of said officers, from time to time; although without such increase they are, in the opinion of the Committee, more than sufficient to compensate the incumbents.

The Committee regret that the road jurors appointed by the Court do not seem to look sufficiently to the interests of the City in holding their meetings, as, from investigation, the Committee find their sittings, or sessions are of very short duration, often not over an hour, and in one case alone having had as many as forty-four meetings, and in some instances the same men sitting on different juries the same day, thus very materially increasing their charge fixed by law at \$2 per day.

The number of short meetings or sessions thus held swells the cost to the City, for the pay of such jurors, to an extent much beyond what it should be if they would devote more and proper time to each sitting, and thus give the City anything like the time contemplated by the Legislature in fixing their pay for a day's service.

This being now known, your Committee feel assured the attention of the Court will be directed towards its speedy

remedy, so far as in its power, and thus aid in preventing injustice to the tax payers in the future.

The Committee, however, find in the cases for which this transfer is asked to pay, are cases already completed, and for which said jurors hold their certificates, some of which have been placed in aldermen's hands for suit, which if brought would finally force the pay out of the treasury, with costs.

The Committee, therefore, report the annexed Ordinance to make the appropriation and to authorize the transfers, and recommend its passage.

AN ORDINANCE

To make an additional appropriation to pay fees, and to authorize certain transfers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of ten thousand seven hundred and thirty-two dollars and twenty-seven cents be and the same is hereby appropriated to the following items in the appropriation to the City Commissioners, for the expenses of the year 1869:

To Item 22. To pay fees of District Attorney, sixteen hundred dollars.

To Item 23. To pay fees of Clerk of Quarter Sessions for the years 1868 and 1869, nine thousand one hundred and thirty-two dollars and twenty-seven cents.

SECT. 2. That the City Controller is hereby authorized and directed to make the following transfers in said appropriation for the expenses of the year 1869:

From Item 2. To pay jurors, Supreme Court, one thousand dollars;

From Item 9. To pay jurors, Court of Common Pleas, for the years 1867 and 1868, one hundred and fifty dollars;

From Item 13. To pay petit jurors, Court of Quarter Ses-

sions, for the years 1867 and 1868, two hundred and fifty dollars;

From Item 14. To pay grand jurors, fifteen hundred dollars;

From Item 47. For rent of rooms in which elections are held, one hundred dollars; in all three thousand dollars:

To Item 15. To pay road jurors.

To the Common Council of Philadelphia:

GENTLEMEN:—The Committee on Finance of Common Council respectfully report that they have considered an Ordinance from Select Council “to make an additional appropriation to the Controllers of Public Schools, to pay further sums required for erection of Grammar School House in Twenty-sixth Section, and other purposes,” and are of opinion that the erection of public school buildings when necessary, should be paid for out of a loan, and therefore report back the Ordinance and recommend that the first and only section be amended by striking out “Item 1,” and that the total appropriation and the items be amended so as to conform thereto.

PHILADELPHIA, *Nov. 29th*, 1869.

To the Finance Committee of the Select and
Common Councils of the City of Philadelphia :

GENTLEMEN :—Your sub-committee appointed by you on the 26th instant, to whom was referred the annual statement of the receipts and expenditures for the year 1870, for examination, would respectfully report that, for the purposes of their appointment, they met at the office of the City Controller and proceeded with a thorough examination of the books and records of the said department.

Examining first the column of "additional appropriations" to November 1st, 1869, they found that the Item of \$105,996.75, to the Department of Police, included an appropriation of \$100,000, made some years since toward the erection of a House of Correction; as this amount was provided for by loan, now in the City Treasury unsold, we believe this to be not an additional appropriation and re-

commend that it be stricken out, thus reducing the Item to \$5,996.75, and the total appropriations to the Department of Police for 1869 to \$857,655.65.

The special appropriation of \$49,500 to Street Cleansing should be charged to the Department Board of Health, to which the appropriation was made, thereby increasing their appropriations for 1869 to \$110,440, exclusive of a transfer of \$90,000 from the appropriation for 1869 to the Department of Street Cleansing. The transfer of this special appropriation from Street Cleansing to Board of Health reduces the total appropriation to the Department of Street Cleansing from the amount given in the Controller's statement to \$134,420, which sum has been reduced by the expenditures of \$9,780, and the transfer of \$90,000 to the Board of Health, total, \$99,780, to \$34,640, the proper disposition of which will be recommended in another portion of this report, under the head of Liabilities for the year 1870.

The special appropriation of \$31,095.25 to the Department of City Commissioners, was required by the passage of the Registry Law, and occurs again in the appropriation to that Department for the year 1870.

The special appropriation of \$57,561.06 to the Department of Water, was required by the unprecedented demand for water pipe, as well as the appropriation of \$25,000 to the boatmen locked in the Schuylkill canal by reason of the stoppage of navigation during the drought of last summer.

The special appropriation of \$59,119.63 to the Department of City Solicitor, consisted chiefly of the item of \$44,000 of delinquent taxes due the State, and is an item that will not recur in future appropriations.

The special appropriation of \$50,000 to City Ice Boat, was part of the cost of building the new ice boat, and was provided for by loan in 1868, and should therefore have no place in special appropriations for 1869.

The special appropriation of \$70,310 to Sinking Funds was caused by the issuing of nearly \$6,000,000 of Park and other loans, the creation of which necessarily carries with it an appropriation of \$12,000 per annum to the Sinking Fund for every \$1,000,000 of loan issued.

Striking out therefore the item to the House of Correc-

tion and the City Ice Boat we reduce the item of additional appropriations for 1869, from \$497,003 87 to \$347,003 87

This last amount could properly be further reduced by the following items of appropriation, made necessary by causes over which Councils had little or no control, viz.:

Sinking Fund.....	\$70,310	
State Taxes.....	44,000	
Boatmen.....	25,000	
Registry Law.....	31,000	
And add difference between Board of Health.....	\$49,500	
And balance to Street Cleaning	34,640—14,860—	185,170 00
Reducing the amount of actual special appro- priations in 1869 to.....		\$161,833 87
The item, total appropriations for 1869, in the Controller's Report, viz.:.....	\$5,924,642 70	
Is reduced by House of Correction \$100,000		
City Ice Boat.....	50,000—	150,000 00
To	\$5,774,642 70	
Add interest on City Debt for 1869.....	2,250,000 00	
Total for 1869.....	\$8,024,642 70	

The column Estimated Expenses for 1870 in the Controller's Report, viz.:\$9,183,560 97
Has been reduced by yourselves by appropriations to the various departments as follows:

Department of City Commissioner...	\$49,357	
“ Receiver of Taxes....	2,900	
“ City Controller.....	500	
“ City Railroads.....	2,100	
“ Public Buildings.....	479,592	
“ Police and Fire Al- arm Telegraph.....	2,085—	536,534 00
		\$8,647,026 97

And increased by new item, Defence and Protection..... \$3,009

And Clerks of Councils..... 2,075 —5,075 00

Appropriations for 1870 as far as considered \$8,652,101 97

This sum will be changed by whatever increase or reduction the Committee on Finance, or Councils, may make in the estimates of the various departments.

In the column of Revenue Collected Nov. 1st, 1869, your Committee find a change from the Department of Markets from \$60,902 to \$56,458.50, the balance \$4,443.50 to be credited to the Department of City Property, leaving the total collections as reported.

In the column of Estimated Collections, prior to 1870, credit City Property with \$10,000, thereby increasing the total to \$286,952.50.

In the column Estimated Receipts for 1870, the Department Board of Health is credited with \$31,300, we find no reason why the receipts of this department for 1870 would greatly exceed the receipts for 1869, and therefore reduce this item to \$25,000. Reduce the item Wharves and Landings to \$53,000.

The item Dividends on Stocks, &c., with an estimated receipt for 1869 of \$240,000, and with actual receipts of	\$330,736 50
And estimated receipts prior to 1870 of.....	172 282 50

In all.....	\$503,019 00
-------------	--------------

And again, Estimated Receipts for 1870, of \$240,000, presented an apparent discrepancy of over a quarter of a million of dollars, to the explanation of which your Committee devoted special attention, and found that by some blunder in the records of the Controller's Department, brought down for many years, this item, which should have contained only the receipts from Dividends on Stock and Interest on Bonds other than those issued or guaranteed by the City of Philadelphia, and upon which only the estimated yearly receipts were based, was increased to more than double the amount estimated, by the addition of the Interest and Sinking Fund paid into the City Treasury by the Board of Trustees of the City Gas Works, whose payments again annually appeared under the head of "Assets" in another portion of the Controller's Statement, thereby misleading the Committee on Finance in their calculations to the sum

of \$300,000. We found that the City of Philadelphia held in the Sinking Fund 67,149 shares of the stock of the Pennsylvania Railroad Company, representing a par value of \$3,357,450, and knowing that this Company had been paying annually dividends of ten per cent. in cash, we were surprised to find that the receipts from this item, as recorded upon the Controller's books, amounted only to \$282,645, which sum we found upon inquiry at the office of the said Company to be made up as follows:

Among the stock held, there was of the subscription of the old City of Philadelphia, for which cash had been paid to the Railroad Company, 40,690 shares, dividend at \$5 per share.....	\$203,450 00
Subscription for Northern Liberties, for which bonds of said Corporation had been given, the interest of which is paid by the Pennsylvania Railroad Company, and deducted from the dividends made upon this stock, \$500,000=10,000 shares, dividend \$2 per share.....	20,000 00
Dividend in stock, made some years since thereon, 4,332 shares, dividend \$5 per share.	21,660 00
Subscription of the District of Spring Garden, (similar to above,) \$500,000=10,000 shares, dividend \$2 per share.....	20,000 00
Stock dividend thereon, 2,127 shares, dividend \$5 per share.....	10,635 00
Bonds cancelled \$115,000 at six per cent.....	6,900 00
<hr/>	
Total dividends at ten per cent.....	\$282,645 00
To which add interest on bonds of the North Pennsylvania Railroad Company received in exchange for the stock of said Company about	22,000 00
<hr/>	
Total.....	\$304,645 00

We have therefore increased this item from \$240,000 to \$300,000. We are unable to state at this time when the

bonds of the District of Spring Garden, and of the Northern Liberties, mentioned above, became due; and as the interest upon them is always more than covered by the dividend upon the stock for which they were paid, and which stock will be more than sufficient to pay them when they expire, we think this part of our subject requires no further consideration at your hands.

The item of State appropriation to Public Schools presented another difficulty; for in 1869, the income from this source was \$50,000; in 1868, about \$12,000; and in 1867, over \$57,000. Upon diligent inquiry, we are not able to discover upon what plan or under what law, other than the annual appropriation bill of the State, the amount paid to the City is fixed, and especially when we found in the appropriation bills for each of the years mentioned, the *proviso* "that the City of Philadelphia should receive a fair proportion of the total amount appropriated," &c., which "fair proportion" was over \$57,000 out of \$300,000 in 1867, and only \$12,000 of \$500,000 in 1868; and again, \$50,000 of \$500,000 in 1869, we agreed to report full details to you, in the hope that this important matter may receive prompt and proper consideration at the hands of the City authorities.

Upon full consideration, we concluded to add \$50,000 as an estimated income from this source.

The column, "Estimated Receipts for 1870," in the Controller's Report, viz :.....\$1,463,645 00

Has been increased by your Committee from

Dividends on Stock, &c.....\$60,000

State appropriation to Public Schools. 50,000

Leaving estimated receipts for 1870.....\$1,564,345 00

In considering the "Abstract of Liabilities for 1870," in the Report of the Controller, we reduced the estimated expense of Department, as per statement above,

to.....	\$8,652,101	97
Outstanding warrants on November 1, 1869...	2,866,668	15
Estimated warrants to be drawn for November and December, 1869.....	1,000,000	00
And added for interest on registered warrants for 1870.....	100,000	00
And by your direction reduced the discount on taxes 1870 to.....	350,000	00
After careful estimate of the "special appropriation now upon the Controller's books," (appropriations which do not merge with the year,) we reduce the item to.....	15,130	00
(For which reduction we give our reasons in detail below.)		

Total estimated liabilities.....	\$12,983,900	12
----------------------------------	--------------	----

In estimating the liabilities of the City, it has been customary to carry forward and provide for in the tax-rate, for the succeeding year, all items of appropriation not exhausted, except annual appropriations to the various departments, and the amount asked for in the Controller's statement for the year 1870, was.....

\$500,000	00

Made up as follows:

Damages for opening Willow Grove Avenue	\$500	
Road damages to Montgomery Co..	850	
Opening Vienna street.....	1,627

Balance of Street Cleansing.....	34,640	
New Ice Boat.....	50,000	
House of Correction.....	100,000	
Defence and Protection.....	140,338	
		\$340,108 00

We think and recommend that all these special appropriations, except

Damages for opening Willow Grove avenue.....	\$500	00
Damages to Montgomery County.....	850	00
Damage to Vienna street.....	1,627	00
And School House Eleventh Ward.....	12,153	00

Total as above.....	\$15,130	00
---------------------	----------	----

should be repealed and cancelled for reasons hereinafter given, thereby reducing the apparent liabilities of the City, and removing a continued source of temptation to make transfers.

The balance for Street Cleansing \$34,640 may be cancelled, as this whole work has been transferred to the Board of Health; the amounts for Ice Boat, \$50,000, and for House of Correction, \$100,000, are provided for by loan already created, and should not be put into the tax levy; while the amount to the credit of Defence and Protection, \$140,338, would be sufficient for the expenses of that Department, as at present conducted, for more than forty-five years, and when we consider that this amount is represented by the balance of a war loan, sold some years since by your order, and the proceeds of such sale applied to the general expenses of the City, we know of no reasons why this item should longer encumber the books of the Controller, and we recommend that it be at once cancelled, and an item of \$3,000 be inserted in the estimated expenses for the year 1870, for this Department, as reported above.

As an item of interest in this connection, we append the amount of warrants outstanding November 1st, 1869, together with the years in which they were issued:

The matter that will first strike your attention in this abstract is undoubtedly the immense sum of taxes levied and remaining as unpaid upon the books of the City, and next the comparatively insignificant sum realized therefrom. To this point we would call your most serious consideration, feeling satisfied that the future solvency or bankruptcy of the City depends upon the satisfactory or unsatisfactory solution of this question. We find that the tax duplicates for any current year issue about February 15th of that year and close upon January 15th of the following year; all bills unpaid at the latter date are then registered, *i. e.* copied into new books, from which abstracts of bills, amounting to

no more than \$5,000 at any one time, are made and placed into the hands of collectors of outstanding taxes, one in each Ward in the City, who are required to give \$5,000 security, approved by the Court of Common Pleas, and who are expected to make returns of moneys collected, once in each week. They are paid by certain legal costs and a commission upon the amount collected, and have power to proceed by distraint against parties in arrears. Just previous to the expiration of five years from the 31st day of December of the year in which the taxes were levied, the Solicitor of the Receiver of Taxes, appointed by himself and entirely independent of the City Solicitor, prepares and files liens against the properties upon which taxes are unpaid; for example: your Committee found the Solicitor of the present Receiver, on their visit to the Tax office to-day, actively engaged in preparing liens for taxes levied in 1864 and unpaid at this time. By reason of the long delay, six years, from the date of levy to the date of filing of the lien, and because of the careless manner in which many properties are assessed, and the unavoidable incomplete condition of the Records in the Registry Bureau, it is found in many cases impossible to describe, with the accuracy required by law, the property to be liened, and the lien filed against it is void for informality.

Personal Taxes are never Registered.

We have been unable to find, from the records of the City, that any property has of late been sold for unpaid taxes, and from the figures presented above it is apparent that any man desirous of evading the payment of taxes has full opportunity to do so successfully, provided he can keep the collector of outstanding taxes in his Ward in good humor, and provided he has no occasion to sell the property upon which the taxes are due; and the result is that the tax payer who pays readily and willingly, not only pays his own fair proportion of the expenses of the City government, but from ten to twenty per cent. additional by reason of the dishonesty of his fellow-citizens.

To show that our assertions and estimates are not ex-

travagant, we append the annexed statement furnished by the Controller :

Your sub-committee have discussed two plans by which some if not the greater portion, of the outstanding taxes might be placed into the City Treasury, within a reasonably limited period of time, and beg to present them for your consideration. Either of these plans necessitates additional legislation, which can be obtained at the approaching session of the State Legislature, for we feel certain a plain statement of the financial condition of the city will secure all needed enactments.

The first plan contemplates the repeal of the Act authorizing the Receiver of Taxes to appoint a Solicitor to enforce the collection of outstanding taxes, and the transfer of this whole business to the City Solicitor, with power and direction to lien property upon which taxes are unpaid on or before the first day of March of the year succeeding that in which they were levied, and the sale of the property liened within ninety days from the date of the filing of the lien; the City Solicitor to receive for his services in the premises a reasonable commission upon the total amount recovered and paid into the Treasury, the amount of such commission to be added in each case as costs.

In opposition to this plan it may be urged, that it simply transfers the duty and responsibility from one City official to another City official, and that the causes operating to produce neglect and delay with the one, would exist and apply to the other, and that therefore the contemplated remedy would be non-effective. These objections undoubtedly have weight, and deserve your careful consideration.

The second plan discussed by your Committee, contemplates a plan of collection altogether novel with us, but we are told in actual and efficient operation in many portions of the State of New Jersey. It proposes that immediately after the registering of the unpaid taxes in January 15th of each year, schedules by Wards of the amounts outstanding, including personal tax, shall be made, and public notice given that within thirty days from date of notice the total amount so outstanding will be sold at public outcry to the highest bidder, he to pay into the City Treasury in thirty, sixty, ninety, and one hundred and twenty days, with sufficient security for the balance unpaid, the whole amount at which he has purchased the schedule sold; the purchaser to have all the powers now vested in the City to enforce the collection of outstanding taxes by suit or otherwise.

This plan would at once assure to the City a certain definite sum for the tax levy uncollected at the end of the year, the whole of which sum would reach the City Treasury by the first day of July next succeeding. As an objection, it can be urged that the amounts to be realized by this procedure would be exceedingly small compared with the amount outstanding. In reply, we can only point to the percentage of collections under the present system as stated above, and assert that under no possible condition of circumstances would the amount realized be less than at the present time.

We desire to append as a part of this report the statement of the City Controller as presented to your Committee, and the statement as modified by your Sub-Committee, and by your direction, which modifications have been approved and accepted by the Controller, except the reduction of the discount on taxes for 1870, which item he contends should have been made \$400,000 instead of \$350,000.

We desire to repeat that immediate action on the part of Councils looking to the collection of taxes is imperative, as it is the height of folly to levy a tax only sufficient for the expenses of the City, and then be forced to report at the close of the year that from \$750,000 to \$1,200,000 of the amount levied is still due, and the greater portion thereof uncollectable. Measures must be adopted to secure the collection of the amounts now outstanding and the amount

to be levied, or else the levy about to be made must be made with sufficient margin to cover the possible non-collection of \$1,250,000 of the taxes of 1870. If neither the one nor the other of these plans is adopted, we will be compelled to fund at the rate of more than \$1,000,000 per annum for current expenses, the inevitable result of which is utter bankruptcy, and that in the no very distant future.

In conclusion, your Sub-Committee desire to express their thanks to the officers of the Pennsylvania Railroad Company, the Heads of the various Departments, and particularly to Frank W. Getz, Esq., Chief Clerk of the City Controller, for their ready co-operation with your Committee in their investigations, without the intelligent assistance of the gentleman last mentioned, much of the valuable information contained in this report would not have been obtained.

Respectfully,

LOUIS WAGNER, *Ch'n*,
A. H. FRANCISCUS,

GEO. W. HALL,
A. M. FOX,

JOHN BARDSLEY.

AN ORDINANCE

To levy and fix the rate of taxes for the year 1870.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Board of Revision are hereby authorized and required forthwith to levy on the taxable property returned by the assessors as the assessment made in the year 1869, (except such as are marked "agricultural and farm land" and "rural or suburban,") a tax of one dollar and eighty cents on the hundred dollars, on the assessed value thereof, and upon every taxable inhabitant of the City the sum of twenty-five cents.

SECT. 2. The said tax to be levied for the year 1870 as one City and County tax, and is hereby voted for the following objects, for the said year, viz.:

Item 1. For the relief and employment of the poor, the sum of nine cents.

Item 2. For the public schools, the sum of twenty-six cents.

Item 3. For lighting the City, the sum of ten cents.

Item 4. For the payment of the interest on the funded debt and for the sinking fund, the sum of sixty cents.

Item 5. For the care of the public highways, the sum of eleven cents.

Item 6. For the supply of water, the sum of seven and a half cents.

Item 7. For the police, the sum of nineteen cents.

Item 8. For the care of the Markets and City Property, the sum of three cents.

Item 9. For the department of fire, the sum of two and a half cents.

Item 10. For the prisons, the sum of three cents.

Item 11. For the Department of City Commissioners, the sum of four and a half cents.

Item 12. For street cleansing, the sum of two and three-quarter cents.

Item 13. For the remaining expenses of the municipality, the sum of fourteen and three-eighths cents.

And said amounts are hereby declared to be appropriated for said objects, subject to further direction by ordinance; and it shall be the duty of the Receiver of Taxes to cause

to be printed on the tax bills the rates voted for the objects hereinbefore mentioned.

SECT. 3. On all such portions of assessed property marked "agricultural and farm land," only one-half of the highest rate of tax shall be levied; and on all such portions marked "rural or suburban," only two-thirds of the highest rate of tax shall be levied; and no part of that set apart for the relief and employment of the poor shall be levied on the assessed property situate in the Wards where houses for the accommodation of the poor are provided, as required by the eighteenth section of the Act of February 2d, 1854.

SECT. 4. That in pursuance of the power vested in the Councils of Philadelphia by "A Further Supplement to an Act to incorporate the City of Philadelphia," approved April 17, 1861, there shall be the following allowance made to the payers of taxes, and penalty added for the non-payment by the Receiver of Taxes, to wit: at the rate of nine per cent. per annum from the date of the payment until the first day of January, if paid before the first day of September; if paid after the first day of September, and on or before the first day of October, an addition of one per cent.; and if not paid until after the first day of October, then an addition of two per cent. shall be added to and payable on the same; and if not paid until after the first day of December, then an addition of three per cent. shall be added to and payable on the same.

Dec. 2d, 1869.

AN ORDINANCE

To promote the improvement of paved streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That all persons owning horses, for burden or pleasure, within the City of Philadelphia, (excepting those used for agricultural purposes, or for conveying agricultural products or any of the necessities of life from the rural districts for distribution and consumption within the said City,) shall, on or before the 15th day of February in each year, pay to the Chief Commissioner of Highways a rate or tax upon and for each of said horses

owned and used by them, to be rated as hereinafter specified. Said tax as collected to be paid into the City Treasury, and appropriated under Ordinances of Councils only specifically for the improvement of the carriage-way paving in the streets of said City.

SECT. 2. It shall be the duty of the Chief Commissioner of Highways to have annually prepared small metallic marks, or plates, with such device as may be suited to the purpose, to be distributed to each and every person upon the payment of the tax herein specified, to be by them placed upon the horse taxed as may best suit their taste or convenience.

SECT. 3. That the rate of said tax shall be as follows: for each and every horse of burden, ten dollars. For each and every horse of pleasure, ten dollars. *Provided*, That all horses used exclusively for business or pleasure, and not horses of burden, there shall be a deduction of fifty per cent. from the charges as above enumerated. *Provided*, That this Ordinance shall not apply to the City passenger car horses of the City passenger railways in said City.

SECT. 4. That any person or persons owning and using horses in the City of Philadelphia, as above specified, who shall neglect to pay the tax thereon as herein directed on or before the first day of April in each year, shall be subject to a penalty of one dollar for each and every month of said default. All of which amounts, both tax and penalty for default of payment, shall be collected as debts due the City of Philadelphia are now or may hereafter be collected.

SECT. 5. That all Ordinances or parts of Ordinances which conflict with the provisions of this Ordinance shall be and the same are hereby repealed.

RESOLUTION

Granting William King permission to place a telegraph wire on certain telegraph poles.

Resolved by the Select and Common Councils of the City of Philadelphia, That permission be and is hereby granted to William King to place a telegraph wire on the poles of the Police and Fire-Alarm Telegraph on the following streets, to wit:

On Second street from Walnut street to Lombard street

on Lombard street from Second street to Sixth street, on Sixth street from Lombard street to Passyunk road, and south from Sixth street on Passyunk road.

The work to be done in accordance with an Ordinance approved April 18th, A. D. 1863, regulating the construction of telegraph lines through the City of Philadelphia, and that the said William King pay into the City Treasury, for the use of the City, the sum of twenty-five dollars to pay for the publication of this resolution. And that the said telegraph wire shall be removed from the above-mentioned poles, within thirty days after notice shall be given by the Superintendent of the Department of the Police and Fire-Alarm Telegraph to remove the same and fixtures.

APPENDIX No. 280.

To the Select and Common Councils
of the City of Philadelphia:

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the resolution calling for estimate of cost for constructing a sub-way on Bridge street, at the Pennsylvania Railroad crossing, have received an elaborate report thereon from the Chief Engineer and Surveyor, stating the gradients necessary, with the depths of cutting at each cross street, and the approximate cost, and at the same time setting forth some very valuable suggestions relative to the necessity of providing a more desirable approach to the Wire Bridge on the east, by widening Callowhill street westward of Twenty-third street, and to this point in the report annexed we would call the especial attention of these Councils.

Notwithstanding this proposed means of crossing the Pennsylvania Railroad shows a reduced cost over that of the high level bridge, your Committee believe that the bridge would be the most acceptable to the public at large, and particularly to those of our citizens residing west of the river.

We therefore beg leave to again submit the general plan of the bridge, with a resolution, the same as presented by this Committee (see Appendix C. C. No. 331) May 20th

1869, and also another resolution in relation to the widening of Callowhill and other streets as approaches to the Wire Bridge.

AN ORDINANCE

Approving plan for bridge over the Schuylkill river at Fairmount.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the plan for the superstructure of a bridge over the river Schuylkill at Fairmount, as accepted for the first premium by the Commission of Engineers appointed under Ordinance, October 9th, 1868, and reported April 15th, 1869, be and the same is hereby approved.

RESOLUTION

Relative to the eastern approach to the Wire Bridge and Fairmount Park.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Engineer and Surveyor be and is hereby directed to have duplicate plans prepared of so much of the Fifteenth Ward as includes Callowhill street west of Twenty-third, Biddle street west of Twenty-fifth, and Twenty-fifth street from Callowhill street to the Reading railroad, with a view of widening said streets as approaches to the Wire Bridge and Fairmount Park; and further

Resolved, That the next Legislature of Pennsylvania be respectfully requested to enact such law as will enable the City to carry out the widening as above projected.

APPENDIX No. 281.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the resolution relative to the width of footways on Ridge avenue, having examined the matter offer no objections to it as referred, and therefore return the same, asking its adoption. The advantage of this will be to give increased width of carriage way, and to obviate the necessity of bringing the railroad tracks closer together, to the inconvenience of the public.

RESOLUTION

Establishing the width of footways on Ridge avenue.

Resolved by the Select and Common Councils of the City of Philadelphia, That the width of footways upon Ridge avenue, from Islington lane to Twenty-ninth street, shall be twelve feet, all Ordinances to the contrary notwithstanding.

APPENDIX No. 282.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the petitions for a sewer upon the line of Broad street from Ontario street to Germantown avenue, find that the construction of this sewer is requisite, as has been most practically shown by the late rains.

The size as proportioned by the Department of Surveys will be five feet as far as Tioga street, and four and a half feet above; and it being a main sewer, the Board of Survey

have exhausted their power in reporting to this Committee favorably to its construction.

The cost of the work will reach about \$18,200, of which \$4,200 will be paid by property owners, leaving the sum of \$14,000 to be provided for by the City.

We submit a bill authorizing the construction, and ask its adoption.

AN ORDINANCE

To authorize the construction of a certain sewer.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of *Broad street*, from Ontario to Tioga street, with a diameter of five feet, and from Tioga street to Germantown avenue, with a diameter of four feet six inches.

Said sewer to be built of brick, circular in form, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the above sewer, and he shall allot it to the lowest and best bidder. And it shall be a condition of said contract, that the contractor shall accept the sums assessed upon and charged to the proprietors lying on the line of said sewer, in manner authorized by Ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved February 16th, 1869; any excess over and above said assessment, to be charged to item of annual appropriation made to the Department of Highways, for the year 1870.

RESOLUTION

To refer a certain report.

Resolved by the Select and Common Councils of the City of Philadelphia, That the report of the Chief Engineer and Surveyor on the subject of drainage of medows in the First Ward, be referred to the Committee on Finance.

A P P E N D I X No. 286.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia:

GENTLEMEN:—The Committee on Port Wardens, to whom was referred, at the last meeting of Councils, the resolution instructing the Commissioner of Markets and City Property not to execute leases for certain wharf property which was leased at public sale, at the Philadelphia Exchange, on the 6th inst., with instructions to inquire into the same: would respectfully report, that the Committee met at the office of the Department on the 9th inst., and after making a thorough examination of the subject, (the Commissioner being present with the books, &c.,) we are able to present the following facts:

1st. That the Ordinance approved December 29th, 1858, under which all the public wharves are leased, requires the Commissioner to thoroughly advertise and sell the leases of the same at public sale to the highest bidder: *Provided that they shall not* bring less than they did at the time of the passage of said Ordinance, and we find that the wharf leases, which were sold on the 6th inst., brought more than they rented for, at or previous to that time, but less than they have brought during the last few years.

2d. That by passing the resolution referred to, the City would be put in a position by which it would be likely to sustain damages in case of suit.

We would further state, that the Commissioner has strictly complied with the Ordinance regulating the same, and expresses a regret that the wharves in question did not bring a greater rent, as he has always endeavored to increase the revenue of the Department.

We would, therefore, report the resolution back with a negative recommendation, and respectfully ask the adoption of the following resolution.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—Your Committee on Retrenchment and Reform beg to report having carefully considered the subject of reorganizing the present plan of keeping the accounts of the different departments of the City government, and have approved of the plan herewith submitted, fully believing it will meet the desired end, and give each department a complete system of accounts, while it also provides a uniform method of holding the head of each department responsible for all accounts in their hands and unsettled at the

close of their several terms. They therefore respectfully submit the accompanying Ordinance, and ask its passage.

Dec. 24, 1869.

AN ORDINANCE

To systematize and arrange a better mode of keeping the accounts in the several Departments of the City.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the following additional arrangement for better keeping the accounts of the City in the several departments thereof, is hereby directed to be performed and complied with:

In each department which shall have liens to be entered for claims for taxes, paving, curbing, piping, removing nuisances, and all other matters that may be the subject of a claim upon the part of the City, the said claims shall be numerically arranged on the books of each department, and a schedule, certified by the chief of each department, setting forth the number, name of the party chargeable, the purpose and amount of each claim, shall be furnished to the City Controller on the first Monday in each month, the first return to be made on the first Monday in February, 1870, embracing, first, an account of each claim, numerically arranged, which was overdue and unpaid on the first day of January, 1870; and, second, the amount of each claim, &c., entered since, numerically arranged, stating the name of each debtor, purpose and amount of said claim, together with the credit to each that has been paid; or, if handed to the City Solicitor or the Solicitor for the Receiver of Taxes for collection, it shall be so stated, and monthly thereafter; and the amount paid on each account within the month, or disposed of in any way, shall be so noted on the schedule returned to the City Controller; and all claims which remain unpaid after the period prescribed by law or ordinance for the payment of such claims to said departments, two schedules thereof shall be made out by each department,

particularly specifying the name of the party, number, purpose and amount of each claim, and deliver the same to the City Solicitor, the duplicate thereof shall be signed by the City Solicitor, attesting that he has received the same for collection, and return the same to the City Controller, to be charged to the City Solicitor; and on the books of each department the dates of the credits shall be plainly stated; or, if handed to the City Solicitor for collection, the fact shall be entered on said books, with the date thereof; and all claims returned to the City Solicitor shall be paid to and settled only with him; and in each and every department of the City wherein moneys are received, receipts therefor, attested by the person paying it, shall be taken.

The Receiver of Taxes shall, in addition to the returns now made, make what shall hereafter be designated "Desk Returns," which shall be specific returns, made daily, (signed by the clerk at whose desk the same was received, and countersigned by the Receiver of Taxes,) of the amount of taxes received from each individual, with his or her name, the amount paid under each head, real estate, personal property and personal tax, the discount allowed for prompt payment, or penalty charged, the name of the Ward, page of the duplicate, and the amount of allowance on valuation, if any, allowed to each separately; but no claim for allowance on valuation shall be considered or admitted by the City Controller unless accompanied by the certificate of the proper officers entitled to make the same. He shall also make out and return to the City Controller a correct and detailed statement of all taxes, and their kind, overdue and unpaid on the 26th day of January, 1870, with the names of the parties owing the same, in a book provided for that purpose, and note thereon all credits, with the date of payment, the amount of costs and interest received on each separately; and monthly thereafter, on the first Monday in each month, make specific returns, stating the name of the person, page of the register, amount received, also those received from the Solicitor of the Receiver of Taxes, with the costs, interest and charges paid each separately, which shall be signed and affirmed or sworn to by him, and shall annually make a duplicate copy of all registered taxes, and deliver the same to the City Controller on or before the first day of February in each year.

The Commissioner of Markets and City Property shall prepare, in books provided for that purpose, a duplicate copy of the market rents by sections, with the number of the section and each stall or stand therein, and the amount of the annual rent thereof. Of each wharf and landing, with the name of the tenant, and amount of rental, with the terms of lease; also, a correct copy of the rentals of City property, with the location, name of each tenant and terms of lease, and deliver the same to the City Controller on or before the first day of January, 1870, and shall thereafter on the first Monday of each month, deliver to the City Controller a certified schedule of all amounts received during the month, stating the number of the section and stall or stand and tenant, the name of the wharf or landing and lessee, and the location and name of tenant of City property.

The Board of Revision of Taxes shall have prepared triplicate copies of the assessment of taxes in each Ward, and deliver the same to the City Controller at the same time that the duplicates are given to the Receiver of Taxes, and they shall also deliver monthly, on the first Monday in each month, to the City Controller a certified schedule of the allowances made to each person, separately stated, with his or her name, location of property, and page of the duplicate; also, a correct account of all the divisions of properties made during each month.

The Survey Department shall return to the City Controller, on the first Monday in each month, a certified schedule of the assessments for water pipe, in numerical order, with the names of the persons chargeable with the same, and the amounts thereof; said schedule or a duplicate thereof shall be attested with the signature of the Register of the Water Department that he has received the same for collection.

The Water Department shall have prepared a correct duplicate of the water assessments by Wards, and deliver the same to the City Controller at least one day prior to the commencement of the period for collecting the water tax; shall make daily returns of the amounts collected, giving in detail the name of the Ward and person, the page and line of the duplicate, and the amount, duly certified, and shall also return a correct schedule of the amounts received for pipe or other claims, numerically arranged, according to the

numbers of the claims for the same furnished by the Survey Department.

The Highway Department shall furnish to the City Controller a correct copy of the names of persons chargeable with sewer rents, licenses or other claims, with the amounts in a book provided for that purpose; and shall certify monthly, on the first Monday in each month, the permits, licenses, &c., granted, and amount received during the month, with the name of each person; also, a certified schedule, monthly, of all other receipts, the sources from whence derived, with the name of each person, the purpose and the amount separately stated. And shall also keep a correct account of the names of contractors and of the street paved or repaired, with the date, together with the period of time they have contracted to keep the said streets in order, and furnish monthly a schedule of the same to the City Controller; and shall also furnish a copy of the pay-rolls from each supervisor, with the amount paid for labor, carting and hauling by each of them, and the rates per day.

And no bill for repairs of said streets, within the period contracted to be kept in order, shall be approved by either the Chief Commissioner of Highways or allowed by the City Controller.

The Solicitor of the City shall keep in his Department a separate lien docket for each department returning claims to be filed and collected, in which shall be entered, in numerical order as returned by the several departments, all claims of whatsoever nature which may be due to the City of Philadelphia. He shall also furnish to the City Controller, on the first day of February, 1870, a correct schedule of all claims, numerically, that are due and unpaid on the first day of January, 1870, with the name of the department from which the same was received, the name of the debtor, the purpose and amount. And he shall also make returns, weekly, under oath or affirmation, to the City Controller of the amounts collected, crediting each department, in the numerical order as returned, with the amount received on each claim, together with the amount of interest and costs received on each, separately stated, and the date, page, term and number of the Court Docket on which satisfaction was entered. He shall also make return to the City Controller, on the first Monday in each month, of all

mandami directed to be paid or of road damages or other claims allowed, with the name of the plaintiff, the amount and purpose on which the judgment was obtained; also, specific returns to the amounts collected for any department or purpose not herein provided for, and certify to the City Controller the schedules of all claims and securities placed in his charge. He shall also make a return of all bills presented by the Sheriff, Coroner, District Attorney, and Clerk of the Sessions for fees or other charges, with an oath or affirmation that he has examined the records of the several officers, and found, by comparison, that the claims presented by those officers are correct.

The City Treasurer shall furnish to the City Controller a duplicate of the interest book, upon which payments of interest are made, at least one day prior to the time of payment of said interest. And he shall return, at least weekly, a statement in detail of the amount paid to each person. And he shall also make returns, at least monthly, of all amounts paid to the State of Pennsylvania, stating in detail the amount paid for each subject of claim by the State, or to any other claimant, in pursuance of any law of the State. He shall also obtain from the proper officers of the State the nature and amount of any claim made in her behalf, and take the necessary steps, by appeal or otherwise, to modify, reduce or prevent the imposition of any tax which the City is not liable for.

In the Department of City Controller shall be kept the duplicate and triplicate copies of the accounts as furnished by the several departments or officers hereinbefore mentioned, on which shall be entered the charges and credits as returned by the said departments, each separately. And in the accounts of the City Controller's Department, the chief of each department shall be charged with the amounts placed in his charge for collection, and all fees and claims for work and labor done or materials furnished by said department, and credited with the amounts paid and returned to the City Treasurer, and the amount handed to the City Solicitor for collection. But no allowance shall be admitted by the City Controller for claims which, from neglect to be filed in proper time or prosecuted in the time prescribed by law, are lost to the City. Nor shall the chief or agent in any department, or his sureties, be released until his ac-

counts have been properly audited by the City Controller. And, upon the production from his successor of a receipt, specifying the department, number, name, purpose and amount of each claim received by him, or account placed in his possession, with which he is willing to take charge of, together with a certified schedule of all securities, bonds, mortgages, &c., received by him.

APPENDIX No. 288.

To the Common Council
of the City of Philadelphia :

GENTLEMEN :—The Committee on Highways of Common Council, to whom was referred the resolution to grade Sixty-fourth street from Oregon avenue to Haverford road, also Hamilton street from Sixty-third to Sixty-fifth street, in the Twenty-fourth Ward, report that we have never received certificates of the amount of grading on these streets. We have adopted a rule in Committee to report no bills for grading unless accompanied by the certificates of the surveyors of the respective districts, consequently we, your Committee, report the same back with a negative recommendation.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on House of Correction, to whom was referred the majority and minority report from the Committee with bills annexed locating the place for a House of Correction, with instructions to report if the Oxford and Lower Dublin farm or Poor House ground is owned by the City, and its availability for a House of Correction, and if it be found available that the Committee be instructed to

report a bill locating the same for a House of Correction, and that they report in two weeks, would most respectfully report that they have given the matter their careful consideration, and addressed a note to the City Solicitor from whom they received the reply that Councils have no right to use the property referred to for such purpose. (A copy of opinion of City Solicitor hereto annexed, which gives the Solicitor's opinion in full.)

They therefore report both majority and minority report back to Councils, together with the opinion of the Solicitor, for such action as Councils may in their judgment take therein. (For copies of Reports, see Appendix to C. C. Journal No. 236 and 237.)

PHILADELPHIA, November 24th, 1869.

H. C. ORAM, ESQ.,

Chairman Committee on House of Correction.

DEAR SIR:—I have examined the law relative to the right of Councils to take the Oxford and Lower Dublin Poor House ground, for the purposes of erecting thereon a House of Correction, and am clearly of the opinion that Councils have not such right.

The Act of Consolidation (Section 18, P. L. 33,) enacts that the existing arrangements for the support of the poor in Oxford and Lower Dublin townships, among others shall continue until changed by Councils, and that while those arrangements continue no elections shall be held for Guardians of the Poor in the Twenty-first, Twenty-second and Twenty-third Wards, and also provides that in the district within those wards, where poor houses have been erected, no change shall be made without the consent of the qualified voters of the respective districts.

This act, in my opinion, precludes the city from taking

the poor house ground of those townships for a House of Correction, especially as upon the faith of these provisions large sums of money have been expended by those townships under subsequent legislation in keeping up their poor house.

Yours, respectfully,

T. J. BARGER,

City Solicitor.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Controller be and he is hereby instructed *not to merge* the balance remaining of Item No. 417 of the appropriation to the Controllers of the Public Schools for the year 1869, (the same being necessary for the support of night schools.)

APPENDIX No. 321.

RESOLUTION

Of respect to the memory of Edwin M. Stanton.

Whereas, The country has been profoundly moved by the announcement of the death of Hon. Edwin M. Stanton, late Secretary of War, and as the eminent services of the deceased, during the most trying period of our country's history, should be recognized and acknowledged by a grateful people: We, the Councils of the City of Philadelphia, on behalf of our fellow-citizens, desire to add our meed of praise and gratitude to the memory of one who was ever faithful to his trust when many faltered; therefore,

Resolved by the Select and Common Councils of the City of Philadelphia, That in the death of Edwin M. Stanton, late Secretary of War, the country has lost a most efficient statesman, one who reflected honor on the name of America, sustained her cause against all her enemies, with matchless ability and determination, and worthily won the proud title of being "The great War Secretary of the Nation."

Resolved, That Philadelphia sympathizes with the family of the deceased in the irreparable loss they have sustained, and with our fellow-countrymen in the loss of one of our most able and faithful statesmen.

Resolved, That Independence Hall be hung in mourning for the space of thirty days.

APPENDIX No. 322.

APPENDIX 323.

To the Select and Common Councils
of the City of Philadelphia :

GENTLEMEN :—The Committee on Finance respectfully report that they have considered an Ordinance to make an appropriation to the Commissioners for the erection of a free bridge over the river Schuylkill. This appropriation is asked for to pay certain expenses incurred by the South Street Bridge Commission. Your Committee have always protested and do now protest against paying any expenses incurred by said Commission, because the City should have exclusive control over its finances, and these expenses have been incurred without the consent of the City authorities.

But as the Court has, in pursuance of an Act of Assembly authorizing the construction of said bridge, enforced the payment of said expenses by awarding a writ of mandamus, the Committee to avoid as much expense as possible submit the annexed Ordinance to pay the same and recommend its passage.

APPENDIX No. 328.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia :

GENTLEMEN :—The Committee on Port Wardens, to whom was referred the annexed communication of G. H. Huddell, lessee of Chestnut Street Wharf, Delaware, respectfully report that we have given the matter our careful consideration, and in consequence of the wharf being in a very bad condition, and the proposed lessees offering to put the said wharf in, and keep the same in thorough repair during their term, and to pay the same rent as heretofore, we believe it would be to the advantage of the City to pass the annexed Ordinance.

DANIEL W. STOCKHAM, <i>Ch'n</i> ,	H. C. ORAM,
I. W. VANHOUTEN,	JNO. J. KERSEY,
WILLIAM BUMM,	H. MARCUS,
AMOS R. ELLIS,	WM. CALHOUN,
A. L. HODGDON.	

AN ORDINANCE

To authorize the Commissioner of Markets and City Property to cancel the present lease of Chestnut Street Wharf, between G. H. Huddell, and the City of Philadelphia, and to enter into a new one for five years.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Commissioner of Markets and City Property be and he is hereby authorized, to cancel the present lease of Chestnut Street Wharf on the river Delaware, entered into between G. H. Huddell and the City of Philadelphia, and approved by the Mayor, July 1st, 1867, and that said Commissioner be authorized to enter into a new one for a term of five years dating from July 1st, 1869, in the names of G. H. Huddell and Jonathan Cone, at an annual rent of three thousand dollars: *Provided*, That the lessees shall put, and keep the wharf in thorough repair, during the term of said lease, without any cost or expense to the City; all Ordinances to the contrary notwithstanding.

APPENDIX No. 329.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia :

GENTLEMEN :—The Joint Special Committee, appointed to examine into the feasibility of lighting the street lamps by Thayer & Bean's method of lighting and shutting off gas by electricity, respectfully report that they witnessed several experiments of lighting and shutting off gas by the use of electricity, but upon a very limited scale.

The gentlemen seeking to introduce this method of lighting and extinguishing the public lamps, claim for it many advantages over the present system.

These were partly demonstrated to your Committee by the experiments made. But as the copper wires are intended to be laid under the street, and not elevated upon poles, and no experiments having been made of this character, your Committee are not able to report that the invention will accomplish all that is claimed by the inventors.

A great obstacle in the way of further testing this new method, is the fact that the lighting of the City is under the management of the Trustees of the Gas Works, and your Committee think, that they, at present, are the proper Department to take any further action in the matter.

Your Committee therefore report the annexed resolution, and ask its adoption.

WM. B. HANNA, *Ch'n*,
J. W. HOPKINS,

E. W. LEIGHTON,
A. H. FRANCISCUS.

RESOLUTION

To discharge a Joint Special Committee.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Joint Special Committee appointed to examine into the feasibility of lighting and extinguishing the public lamps by electricity, be and they are hereby discharged from the further consideration of the subject.
